Polling District and Station Review 2014

1. Purpose of Report

- 1.1 To give consideration to draft proposals arising from a Review of polling districts and polling station provision which the Council is required to undertake under the Electoral Administration Act (EAA) 2006.
- 1.2 The Electoral Registration and Administration Act (ERA) 2013 introduced a change to the timing of compulsory reviews of UK Parliamentary polling districts and polling places. The next compulsory review must now be started and completed between 1st October 2013 and 31st January 2015.
- 1.3 Subsequent compulsory reviews must be started and completed within the period of 16 months that starts on 1st October of every fifth year after 1st October 2013.
- 1.4 It is important that the review is completed to coincide with the publication of the new Electoral Register on 1st December 2014.

2. Recommendations

- 2.1 The Council approve the draft proposed amendments to existing polling station locations within the Metropolitan Borough of Barnsley as set out in Appendix 2.
- 2.2 That following publication of the draft proposals, and consideration of any further representations, a final report be considered by Council at its meeting on 27th November 2014, recommending a final scheme for approval and implementation on 1st December 2014 and for all electoral events up to 30th September 2018, unless urgent reconsideration is required due to any late unavailability of any polling stations.

3. Introduction

- 3.1 Section 16 of the EAA 2006 states that the Review commences with the publication of a public notice. A public notice will be advertised throughout the Borough on 26th September 2014 providing information on the review and requesting representations to make changes to the current scheme (as

operated for the May 2014 polls) of polling districts and polling stations with a closing date for the initial consultations of 24th October 2014.

- 3.2 Informal consultation has already begun with Elected Members together with the following groups. These groups will be consulted again as is required by the legislation.
 - Members of Parliament for Barnsley Central, Barnsley East, Penistone & Stocksbridge and Wentworth & Dearne
 - Members of the European Parliament
 - Town and Parish Councils
 - South Yorkshire and Local Councils Association
 - Constituency Associations
 - Other Political Groups
 - Returning Officers and Electoral Services Managers at Rotherham MBC and Sheffield City Council
 - 3.3 Notice will also be given to all council social network sites, to the Council's Connects Centres/Libraries and various display points as well as via the council's website.
 - 3.4 During the initial consultation period the Director, Legal and Governance has written to all ward members with any matters arising in their areas and has met with them wherever was requested. Any comments arising from these consultations have been taken into consideration when compiling the new proposals.
 - 3.5 Section 18 of the Representation of People Act (RPA) 1983 provides that the Authority must seek to ensure that all electors in its area have such reasonable facilities for voting as are practicable in the circumstances and that is so far as it is reasonable and practicable, only buildings which are accessible by persons with disabilities are designated as polling stations. These criteria have been considered in the assessment of suitability for polling wherever alternatives have been put forward.
 - 3.6 All premises in areas where alternative options have been proposed have been the subject of a site visit and the views of experts have been sought where necessary.
 - 3.7 There are currently 151 polling districts with 151 polling stations spread over 145 polling locations, split between the 21 Council Wards.
4. **Proposal and Justification**
 - 4.1 Appendix 1 is the comprehensive list of all Polling Districts (in Ward Order) with details of the current polling station designation and details of any proposed change or if no changes have been submitted.

- 4.2 Appendix 2 is a summary document listing only the proposed changes for ease of reference.
- 4.3 Changes to arrangements may require the amendment to polling district references. These will be covered in the final report for the 27 November 2014 meeting.
- 4.4 In considering these proposals or making any additional proposals and representations Members need to give due consideration to section 18 of the RPA 1983 as outlined in paragraph 3.5.

5. Implications for Local People / Service Users

- 5.1 The Review impacts on all area of the Borough for which Local members (amongst others) have been consulted on. Any proposals for change have been developed to seek to maximise accessibility of polling stations for electors with the objective of enhancing participation in the electoral process and wider community engagement.

6. Financial Implications

- 6.1 There are no additional budget implications associated with the implementation of this report. Any costs associated with providing improved access to polling stations will be met from within existing electoral budgets. Members need to be mindful that if any alternative proposals are submitted which require significant additional expenditure such as the use of temporary mobile polling stations there may be additional pressures on electoral budgets which would be a material consideration in giving consideration to such alternative proposals.

7. Employee Implications

- 7.1 There are no direct employee implications arising from this report.

8. Communications Implications

- 8.1 Refer to 3 above.

9. Consultations

- 9.1 Refer to 3 above.

10. List of Appendices

- 10.1 Appendix 1 – Comprehensive list of all Polling Districts, with details of current polling station designation and details of any proposed changes.
- 10.2 Appendix 2 – Summary list of all proposed changes.
