Health Fayre

KR said the surgery based at Priory Campus would be pleased to take part.

MS said Arthritis Care and Heart Foundation were being approached to attend. She also said a Monk Bretton market fruiterer was prepared to supply any requirements. She had secured six pedometers and tooth brushes for the event.

DB presented a blood pressure monitor costing £15 which he had bought in Derbyshire and he understood others would be supplied by exhibitors. It was felt only qualified operators should be used.

MS said any equipment should be retained by the Alliance for future use.

25 bookings had already been received including reflexology, Blood Donor Service, Dial-a-Ride, Health Watch and possibly massage at £25 an hour. Promotional material were being prepared.

Training

SG thought classes should be held in CV writing and interview techniques. Costs to be investigated.

Love Where You Live

PJ outlined the principles of the 'Love Where You Live' campaign starting in the very soon. It could include clean-up sessions which last summer attracted 80 volunteers. No doubt the Alliance would want to have a similar event in Monk Bretton.

Preparation

Meeting of PJ, GW and DB at Campus on Thursday February 27th at 12.30pm to check on table space and refreshments and possible ticket allocation.

Next meeting

Silverdale, Monk Bretton on March 14 at 3pm. Councillor Sheard to book venue.
