Purpose of report

This report seeks authority to adopt an updated version of the Design of Housing Supplementary Planning Document (SPD's).

Council Plan priority

Sustainable Barnsley

Recommendations

That Cabinet: -

- 1. Refers the report to Full Council for approval to adopt the updated Design of Housing SPD.**

1. INTRODUCTION

- 1.1 The Local Plan, adopted on 3rd January 2019, contains policies to be considered when determining planning applications. Supplementary Planning Documents contain further advice and explain how Local Plan policies will be applied.
- 1.2 The Planning & Building Control Service monitors the effectiveness of our policies and guidance on an ongoing basis. In respect of Supplementary Planning Documents, this is to satisfy ourselves that:
 - They remain in conformity with national legislation, planning policy and

guidance

- They are helping to ensure that the Local Plan achieves its overall aims and objectives
- They are enabling decisions to be upheld at appeal
- They reflect any new social, environmental or economic priorities that may have arisen

- 1.3 Supplementary Planning Documents build upon and provide more detailed advice or guidance on policies in an adopted local plan. As they do not form part of the development plan, they cannot introduce new planning policies into the development plan. They are however a material consideration in decision-making. They should not add unnecessarily to the financial burdens on development.
- 1.4 As they do not form part of the Development Plan, Supplementary Planning Documents can be more readily updated but in doing so, the comments received have been fully considered to ensure that the amendments conform with national planning policy and guidance and that the content supplements existing policies in the plan (rather than replacing them or going beyond their remit) and that the amendments will not result in unnecessary financial burdens.
- 1.5 A number of Supplementary Planning Documents were adopted following the adoption of the Local Plan, including the Design of Housing SPD. Amendments are proposed to update the SPD.
- 1.6 Public consultation was carried out for a period of four weeks between 3 October and 31 October 2022. A total of 67 comments were received from 27 respondents.

2. PROPOSAL

- 2.1 It is proposed that the updated version of the Design of Housing SPD is adopted. Once adopted, it will supersede the version adopted in 2019.
- 2.2 Appendix 1 contains a summary of the comments made during consultation and how those comments have been taken into account. Appendix 2 contains the updated Design of Housing SPD. Changes that were proposed from the adopted version are in red and underlined or struck through. The changes proposed following consideration of consultation responses are shown as struck through or red underlined text and highlighted yellow. Section 4 below summarises the changes made following consultation.

3. IMPLICATIONS OF THE DECISION

3.1 Financial and Risk

Consultations have taken place with representatives of the Service Director – Finance (S151 Officer).

There are no direct financial implications arising from this report other than

minimal costs associated with the adoption process which involves placing a public notice in the press. These minimal costs will be met from the existing planning budget. No Appendix A is therefore required.

3.2 Legal

Preparation, consultation, and adoption of Supplementary Planning Documents is carried out in accordance with the Town and Country Planning (Local Planning)(England) Regulations 2012.

3.3 Equality

Full Equality Impact Assessment completed.

This complements the Equality Impact Assessment that was carried out to support the Local Plan which concluded that all policies and proposals apply to all sectors of the community equally and that it makes provision for a range of housing types to meet differing needs such as affordable housing. A further assessment was carried out when the suite of SPD's was adopted in 2019. This recognised that the key impacts were around providing translation and interpretation assistance to those individuals that require it to help them understand the SPD's. An action for future consultation was to arrange targeted consultation such as face to face meetings with the equality forums as appropriate, relevant to the subject of the SPD, to ensure our engagement is inclusive. Where appropriate, reasonable adjustments will be considered at venues where documents are made available to ensure accessibility requirements for all attendees are met. A presentation to the Youth Council was given during the consultation period.

3.4 Sustainability

As the minor changes to an existing SPD are the subject of this report, it is considered that in most instances the report has no impact. It is considered that a low positive impact is had on homes.

3.5 Employee

There are no employee implications arising from this report.

3.6 Communications

Communications support will be required to publicise the consultation through press releases and social media.

4. CONSULTATION

4.1 Public consultation was carried out for a period of four weeks between 3 October and 31 October 2022. A total of 67 comments were received from 27 respondents. Consultation was carried out in accordance with the Town and Country Planning (Local Planning) regulations, 2012. Stakeholders such as developers and agents that regularly operate in Barnsley, together with other people that have expressed an interest in being consulted on our planning documents were notified. The consultation was also generally publicised by a public notice in the Chronicle and in the Council's social media. The consultation document was also made available in Library@the Lightbox and all branch libraries and a flyer publicised on screens where possible. A presentation was given to the Youth Council. Issues raised by the Youth Council are summarised in appendix 1.

4.2 Some changes have been made as a result of comments. We have added in text around designing for the elderly and for those with dementia. We have added a reference to geodiversity in addition to biodiversity. We have made a number of amendments for clarity, including provision of a definition of a bedsit and a studio apartment.

5. ALTERNATIVE OPTIONS CONSIDERED

5.1 One alternative approach would be not to update the SPD's. The proposed changes provide useful updates and clarification. Therefore, adoption of the amended version is recommended.

6. REASONS FOR RECOMMENDATIONS

6.1 The proposed updated SPD contains helpful information and amendments that will provide clarity for service users.
