	<u>ACTION</u>
<p><u>Item 1 – Apologies</u></p> <p>Apologies were received from Sean Rayner, SWYPFT; Michelle Hall, Mencap; Julie Ferry, Barnsley Hospice; Age UK; Anne Simmons, Alzheimers; Phil Parkes, SYHA; Carolyn Ellis, VAB; Kevan Riggett, BPL; Jo Clarke, CAB; Sam Higgins, Phoenix Futures</p>	
<p><u>Item 2 – Minutes of meeting held 14 September 2016</u></p> <p>Agreed as an accurate record.</p> <p><u>Matters arising</u></p> <p><u>Item 7 – Barnsley Strategic and Operational Intelligence Group</u> – as this group are reviewing the Joint Strategic Needs Assessment (JSNA) the Forum had previously requested an update. HJ reported that the JSNA had been tabled at the Health and Wellbeing Board on 6/12/16 and will be placed on the Council's website. Data has started to show issues for Barnsley. Identified variety of lifestyle choices that impact on health such as smoking, excess weight, alcohol, inactivity, unhealthy eating. The key headlines within the assessment will be factored into various strategies and the Barnsley Place Based Plan. The forum felt it would be beneficial to view the Plan therefore it was agreed to include the link to this</p> <p><u>Item 3 – Health and Wellbeing Board</u> - noted that Public Health have action plans in place to tackle oral health, suicide prevention and a smoke free generation and the forum have requested that a representative be invited to future meetings to speak on these. Oral health to be tabled at the meeting on 7th March 2017.</p> <p><u>Item 5 – Flu Immunisation Presentation</u> – Tracey Turner, Screening and Immunisation Co-ordinator had fed back to SSDG the issue raised by the Forum with regard to consideration of the funded immunisation programme being extended to Care Providers and also raised the investment to save aspect, however position will remain as is.</p>	

<p><u>Item 3 – Health and Wellbeing Board</u></p> <p>HJ provided an update from the two meetings held since the last meeting of the Forum.</p> <p>4 October 2017 – main issues considered were the Health and Wellbeing Strategy which the Board has now approved (link to strategy below). Key areas identified for improvement being; improving outcomes for children and young people; reducing smoking; improving early help for mental health and join up of services for older people. The Strategy also recognises the different areas of need across the borough. The Council are aiming to make this a more accessible document so members of the community will read this.</p> <p>https://www.barnsley.gov.uk/media/4161/barnsleys-health-wellbeing-strategy-pdf-final.pdf</p> <p>6 December 2017 – main issues considered were sign off of the JSNA and Sustainability and Transformation Plan which has been published and identifies a £571 m. financial gap. There are 8 priority areas which will be focussed on. High level consultation has taken place and further fuller consultation will take place on specific proposals arising from the Plan. The Forum felt that they needed to fully understand the implications/delivery of the Plan as there may be an opportunity for providers to contribute to shaping the services within this going forward. Following discussion it was felt the providers main focus should be input/understanding and fit within the Barnsley Place Based Plan/Action Plan as this will determine the delivery process for Barnsley. It was agreed therefore to invite a representative to the March meeting to discuss this further.</p>	
<p><u>Item 4 – Stronger Communities Partnership</u></p> <p>Due to apologies PP had provided a paper (embedded below) which gave an update on the Stronger Community Partnership Board meeting held on the 22 November 2016. Key points of interest for the forum were in respect of Early Help Adults and Children. PK/JC had attended initial meetings of the Early Help Adults Group where work is currently taking place on KPIs which will be included in a high level Action Plan. The forum felt it would be useful to look at the objectives of the Action Plan.</p> <p>Agreed that forum representatives should provide a written summary from the groups to future meetings of the forum.</p> <p><u>Item 5 – Social Prescribing – My Best Life</u></p> <p>Zoe Field, Enterprise Programme Manager, SYHA gave a presentation on the Social Prescribing Model (slides embedded below). The aims of</p>	<p>PK/JC/ SH</p>

<p>the service, structure and associated timelines to the project commencing in Barnsley from April 2017 were highlighted and discussed. The key issue raised by the Forum was in relation to the referral route and whether this could be widened and the barriers to early help and prevention. ZF stated that the referral route is predominantly through GP's at the present time. Due to the feedback from the forum on this particular issue it was proposed that ZF raise with PP whether a provider could have membership on the Steering Group during the pilot period. RW said he would represent the forum if this was agreed.</p> <p>In respect of community mapping at local neighbourhood level PK felt it may be useful to consider what is taking place in Penistone and any linkages to this. HJ requested that if any home health checks take place in Council properties that Berneslai Homes be notified to avoid any duplication.</p> <p>The discussion also highlighted the many different strategies and linked services that fall under the wellness theme and the forum felt it would be beneficial for providers and customers to have a single page document that identified each of these. HJ agreed to raise at SSDG.</p>	<p>PP</p> <p>HJ</p>
<p><u>Item 6 – Future Agenda Items</u></p> <p>8 March 2017 Oral health – Public Health Barnsley Based Place Plan – Jade Rose, Head of Commissioning for Integration and Partnership 14 June 2017 Universal Information & Advice /Live Well Barnsley – K. Dodd</p>
