# CENTRAL AREA COUNCIL

## **PROCUREMENT STRATEGY SYNOPSIS**

## **ENVIRONMENTAL ENFORCEMENT**

The Central, Dearne, North, North East and South Area Councils wish to procure bespoke environmental enforcement services to tackle environmental blight through littering, dog fouling and illegal parking affecting our communities. The aims of this are to respond to locally identified priorities, encourage the public to take pride in their local environment and facilitate a change in behaviours and attitudes towards looking after the environment. The majority of residents take pride in where they live and treat their local environment and fellow residents with respect. More robust enforcement will help each area Council to isolate the small minority that disrespect their environment and fellow residents and take robust action against them to change the way they behave and make them contribute towards the costs of improving the environment in which we live.

Each Area Council will seek to maximise the impact of resources being earmarked to address environmental crime by procuring high quality proven services, and to operationally align those services to the Council's Community Safety and Enforcement Service. This arrangement is designed to achieve the best possible value for residents by purchasing the necessary skills and expertise at an affordable price. By subsequently aligning these bespoke additional services to the existing core services provided by the Council the Area Council's will ensure that any service is delivered within the parameters of the Council's policies, with the integrity and authority it requires and within the existing operational infrastructure of the Council.

To enable a bespoke service to be delivered for each area council and for each area council to be able to manage its own contract the procurement will consist of 5 individual lots:

Lot 1 – Central Area Council (1.5 FTE Environmental Enforcement Officers)

Lot 2 – Dearne Area Council (1 FTE Environmental Enforcement Officer)

Lot 3 – North Area Council (4 FTE Environmental Enforcement Officers)

Lot 4 – North East Area Council (2 FTE Environmental Enforcement Officers)

Lot 5 – South Area Council (4 FTE Environmental Enforcement Officers)

The same service provider will be appointed to each of the 5 lots.

The specific aims and objectives of the service are:-

- Inspire people who live and work in the Central, Dearne, North, North East and South Area Council's to 'Love Where they Live'
- Improve the local environment
- Maintain and Improve Environmental Standards
- Keep the wards clean and well maintained

- Increase the number of people engaged in voluntary activities in the community
- Increase skills and work experience at local level
- Promote employment and training opportunities within the locality
- Develop strong community networks, community self-help and resilience •
- Improve physical health and emotional well-being in the area •
- Link with other Area Council procured services, to support the over-arching aims of area governance shown above
- A local base, easily accessible and able to deploy available resources • effectively to fully comply with and deliver the requirements of this specification
- Close working relationship with the Council's Community Safety and • **Enforcement Service**
- A service that fully complements existing 'core' environmental enforcement service provision provided by the Council's Community Safety and **Enforcement Service**

## Procurement strategy/ method

Due to the combined value of the proposed procurement this tender is caught by Public Procurement Regulations 2015. The method of procurement for the project is the therefore the open procedure route with a contract notice submitted to the Official Journal of the European Union

The activities underpinning this method of procurement comprise:

Competitive Tender:

- Draft specification, including Price & Quality Evaluation Methodology in order to award to the most economically advantageous tender
- Placing of tender advertisement (OJEU) •
- Placing of YORtender advertisement •
- Despatch of tender documents to providers expressing interest •
- Tender Return and Evaluation
- Tender Report and Approval to Award
- Standstill Period and Feedback (10 Days)
- Tender Award/Signature of Contract

Procurement Programme (OJEU):

•	Complete drafting of Specification:	13 <sup>th</sup> October 2015
•	Area Councils Approval of Specification	23 <sup>rd</sup> October 2015
•	Issue OJEU advert	30 <sup>th</sup> November 2015
•	Place YORtender Advert	1 <sup>st</sup> December 2015
•	Issue tender documentation	1 <sup>st</sup> December 2015
•	Tender Return	5 <sup>th</sup> January 2016
•	Tender Evaluation	By 22nd January 2016
•	Tender Report and Approval to Award	By 27 <sup>th</sup> January 2016

- Standstill Period and Feedback
- Issue Letter of Intent/Contract
- Contract to commence

Ends 8<sup>th</sup> February 2016 9<sup>th</sup> February 2016 1<sup>st</sup> April 2016

#### Procurement team

The Procurement/Tender Evaluation Team is:

Carol Brady – Central Area Manager Claire Dawson – Dearne Area Manager Rosie Adams – North Area Manager Caroline Donovan – North East Area Manager Kate Faulkes – South Area Manager Jenny Grant – Procurement Manager Parking Services representative Safer Communities representative

#### Provider selection and tender evaluation process

The evaluation process will seek to obtain the most economically advantageous tender following a Price Quality Evaluation.

Adverts will be placed in the Official Journal of the European Union and on YORtender (BMBC's electronic supplier and contractor management system) inviting expressions of interest from Service Providers wishing to tender for the Service.

Tender quality submissions will be subject to evaluation by the Procurement/Tender Evaluation Team. It is proposed that the team is chaired by the Commissioning and Procurement Lead. All members of the Procurement/Tender Evaluation Team will evaluate and score submissions, and all elements of the submissions will be evaluated. Specialist areas of the submissions, such as finance, will be distributed to relevant specialist support officers within the Council.

Records will be maintained throughout the process that provide justification for actions/decisions taken and are fully auditable. Electronic scoring sheets (Excel) will be utilised for all stages.

Scores for each evaluator will be logged separately, together with detailed comments, and signed/dated by the relevant evaluator. Where they are adjusted, for example after discussion, the reasons should be clearly identified and initialled. Scores will be averaged for the panel, not arrived at by consensus.

All participants will be briefed on the commercial sensitivities associated with the assessment, and reminded of their obligations with regards to the management and protection of tender information.

Unsuccessful tenderers will be de-briefed in line with procurement regulations <u>Price: Quality Split</u> A Price Quality Evaluation will be utilised for the tender evaluation, to conclude final service provider selection and award the contract. To arrive at the most appropriate objectives. ratio Price Quality. the aims and and the contract of management/monitoring requirements have been consolidated and categorised according to the main drivers underpinning their achievement i.e. Price, Quality, or a combination of Price and Quality, as follows:-

Categorisation of Key Objectives and Contract Performance/Monitoring Requirements						
Price	Quality	Price and Quality				
No Disputes	Effective team working	Delivery of Value for Money				
Deliver service within available budget	Safe and Healthy Environment for All	No Complaints				
Delivery of service within the available budget	Equality & Diversity	Management and Mitigation of Risk				
Local base	Sound contract management	Open, Accurate and Timely Communication				
Highly Satisfied Client	Effective Resident Engagement	Effective financial reporting				
	Improve local environment	Close working relationship with Council's Community Safety and Enforcement				
	Opportunities for Volunteers/					
	Engaged Neighbourhoods					
	Skills Development and Work Experience					
	Employment and Training Opportunities					

Of the 21 consolidated aims and objectives, and the contract performance/monitoring requirements for the service, 5nr. are derived from price, 10nr are purely from quality considerations and 6nr are derived from a combination of both. On the basis of this categorisation, it is proposed that a Price Quality ratio of 40:60 is adopted, in favour of quality.

#### Tender Price Evaluation

The tender priced submissions will be separately evaluated as part of the tender evaluation. Individual priced components will be summarised into a total tender figure for the whole of the service and for the duration of the contract, and arithmetically checked.

One hundred marks will be awarded to the lowest acceptable tender bid. For all other submissions, one mark will be deducted for each percentage point by which

the submission exceeds the lowest. Unacceptably high bids will be those bids awarded zero marks or less. These points will then be transferred to the 'Price/Quality Evaluation Summary'). The 'Price Points' will be multiplied by the 40% weighting to arrive at the 'Price Score'

### The Evaluation Criteria:

For the tender quality evaluation, criteria have been established to determine final provider selection (see below). The criteria have been cross-referenced against the key aims and objectives of the service. The weightings for the criteria have been set to reflect their respective levels of importance, and a series of questions will be set within the body of the tender documentation to test provider quality credentials in these specific areas.

Some of these criteria are for information only and some are PASS/FAIL criteria. The remaining criteria will be individually awarded a score according to the standard of information provided by the applicant.

For those criteria that constitute PASS/FAIL elements, failure will result in elimination from the process.

The various criteria are listed below, along with the proposed weightings and the presence of PASS/FAIL elements, where applicable.

Tender Quality Evaluation Criteria	<u>Weighting</u> <u>%</u>
1. Organisational Information	Information Only
2. Financial Information	PASS/FAIL
3. Health & Safety	PASS/FAIL
4. Safeguarding/Quality Accreditations	PASS/FAIL
<ul> <li>5. Technical Capacity:-</li> <li>Proposed methodology for delivering the full scope of service and integration with Council's core service providers</li> <li>CV's of persons delivering the service</li> <li>Proposed Outputs, Targets and Supporting Evidence for Outputs</li> </ul>	30%
<ul> <li>5. Contract Management:-</li> <li>Financial, Budget and Change Management/Reporting; customer care</li> </ul>	15%
6. Social Value:-	15%

The criteria are:-

<ul> <li>Improve the environment</li> <li>Encourage and inspire people to 'Love Where they Live'</li> <li>Increase skills and work experience at local level</li> <li>Increase employment opportunities</li> <li>Increase the number of people engaged in voluntary activities in the community</li> <li>Engaged neighbourhoods</li> <li>Local Base</li> </ul>	
7. Interview	40%
	100%
