<p>Department of Health publishes directions and an explanatory note for the 2014 transfer of funds from the NHS to local authorities</p>	<p>● High</p>	<p>On 4 April, the Department of Health (DH) issued the National Health Service Commissioning Board (Payments to Local Authorities) Directions 2014. The 2014 directions, which apply in respect of NHS England's (NHSE's) payment of £1.1 billion to local authorities in respect of their social care functions for the financial year 2014/15, came into force on 1 April.</p> <p>Each local authority and NHS England should enter into an agreement in relation to the payments to be made and the conditions that apply. The 2014 Directions, and the updated National Health Service (Conditions relating to Payments by NHS Bodies to Local Authorities) Directions 2013, impose certain conditions that must be met in relation to each payment. These include conditions that:</p> <ul style="list-style-type: none"> ■ the funding must be used to support adult social care services which also have a health benefit; ■ the local authority and its local clinical commissioning groups (CCGs) agree how the funding is best used within social care and the outcomes that are expected from the investment; ■ local authorities and CCGs have regard to the Joint Strategic Needs Assessment for their local population and existing commissioning plans for both health and social care in deciding how the funding is to be used; and ■ local authorities must be able to demonstrate how the funding transfer will improve social care services and outcomes for their users. <p>NHSE must not place any other conditions on the funding transfers without the written agreement of the DH and must ensure that it has access to timely information on how the funding is being used locally.</p>	<p>The committee may wish to seek assurances that the Council has complied with the DH Directions</p>
<p>Housing Revenue Account Borrowing Programme</p>	<p>● High</p>	<p>On 7 April the government launched the Housing Revenue Account Borrowing Programme which makes £300 million of borrowing available to provide 10,000 new affordable homes in 2015/16 and 2016/17. This funding will form part of the Local Growth Fund, available to local authorities who have a proposal agreed by their Local Enterprise Partnership.</p> <p>The government also published a revised set of General Consents under Section 25 of the Local Government Act 1988 which allows councils to dispose of vacant housing land to private registered providers and non-registered providers at less than market value.</p> <p>For more information visit https://www.gov.uk/government/news/extra-borrowing-powers-for-councils-to-build-10000-affordable-homes & https://www.gov.uk/government/publications/general-consents-for-privately-let-housing</p>	<p>The committee may wish to seek further information as to how this affects the Council</p>

<p>CIPFA Technical Accounting Alert – Frequency of Valuations for Property, Plant and Equipment</p>	<p>● Low</p>	<p>CIPFA has issued a Technical Accounting Alert on the Frequency of Valuations for Property, Plant and Equipment. The Alert provides guidance to local authorities in interpreting the requirements for the revaluation of property, plant and equipment, but confirms that there are no changes to the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2013/14 which is still based on the underlying requirement to comply with IAS 16: Property, Plant and Equipment.</p> <p>For more information visit: http://www.cipfa.org/-/media/Files/Policy%20and%20Guidance/Panels/Local%20Authority%20Accounting%20Panel/Technical%20Alert%20Frequency%20of%20Valuations%20Final%20for%20publication.pdf</p>	<p>The Council should ensure that revaluation programmes are compliant with the Code.</p>

The Act makes it possible for the Audit Commission to close, in line with the Government's expectations, on 31 March 2015. In its place there will be a new framework for local public audit, due to start after the Commission's current contracts with audit suppliers end in 2016/17, or in 2019/20 if they are extended. Value for money data briefing on waste collection	<p>● For information</p>	<p>The Audit Commission has published Local Authority Waste Management, the latest in a series of value for money (VFM) data briefings analysing data in the VFM profiles tool. The briefing examines spending and performance on household waste management.</p> <p>In 2012/13 the average spending on household waste management varied between local authorities with similar responsibilities. For example most authorities that both collect and dispose of waste (58 per cent) spent between £125 and £175 per household in 2012/13 but thirteen per cent spent more than £200 per household.</p> <p>In 2012/13, the amount of waste recycled varied from 12 per cent up to 67 per cent, with 40 authorities recycling less than 30 per cent of their household waste. And while landfill has reduced everywhere some regions are still more reliant than others.</p> <p>The variation in performance and spending suggests there may be opportunities to reduce expenditure. If councils were able to reduce their spending to the average for their authority type and waste responsibilities potentially up to £464 million could be saved overall. Any savings could be used to support more sustainable forms of waste management or be reinvested in other services.</p> <p>Previous briefings on councils' expenditure on benefits administration, council tax collection, social care for older people, income from charging and business rates are also available on the Commission's website.</p> <p>For more information visit http://www.audit-commission.gov.uk/information-and-analysis/value-for-money-briefings-2/</p>
Financial ratios tool	<p>● For information</p>	<p>On 4 April, the Audit Commission published its updated financial ratios analysis tool.</p> <p>The ratios tool has been updated to include:</p> <ul style="list-style-type: none"> ■ data for the 2012/13 financial year, and ■ the restatement of the 2011/12 data where relevant. <p>The ratio tool continues to include data from 2007/08 for district, unitary and county councils, data from 2008/09 for Greater London Authority bodies and data from 2009/10 for standalone fire authorities.</p> <p>Information is included for police and crime commissioners for 2011/12 and 2012/13 reflecting the data available for these new bodies.</p>
