# Penistone Area Council

Supporting Young People  
Outcomes from Youth Summit Nov 2019 and next steps

Area Council December 5<sup>th</sup> 2019

- Supporting Young People one of the five priorities for Penistone Area Council
- Since 2014 projects specifically supporting young people have included: Penistone Scouts, Penistone FM, Penistone Youth project (TYS)
- Approximately 6% of budget overall
- Other Area Council funded provision which has contributed to this priority has included: Countryside Skills training, Clean and Green contracts, Cycle Penistone, Sporting Penistone
- At PAC October 3<sup>rd</sup> 2019 current priorities were reaffirmed and agreement that as the last project supporting young people finished, it would be appropriate to investigate any further potential need in the area.

## **PAC support to Young People**

Following discussion with, Targeted Youth Support – Early Intervention & Prevention, anecdotal evidence suggests some issues emerging currently in the area.

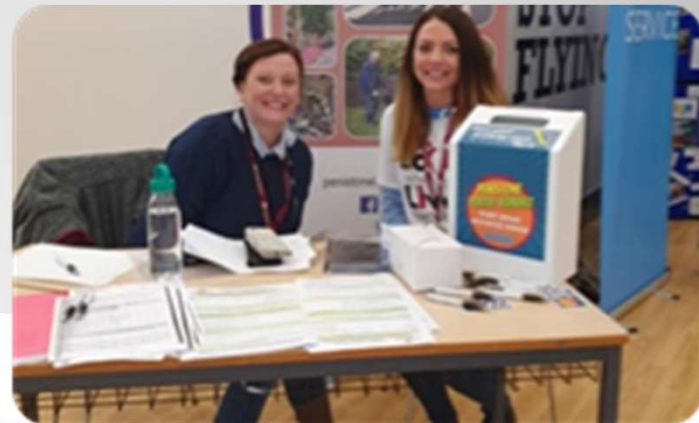

- Young People 'hanging around' nowhere to go
- Community perceived anti-social behaviour
- Young people under pressure – perceived mental health issues

Agreed that this needs more investigation, taking young people as the starting point

**Current issues for young people in our area**

- Main purpose to consult with Young People through engaging activities
- Hosted by Penistone Grammar
- Organised through Penistone Area team and Targeted Youth support service , with the Youth Council
