22 Notes of the following Ward Alliances (Sac.02.12.2016/3)

The meeting received the notes from the Hoyland Milton, and Rockingham Ward Alliance held on 31st October, 2016.

RESOLVED that the notes from the Ward Alliance be received.

23 Presentation by C&K Careers (Sac.02.12.2016/4)

Members received a presentation from Joel Robinson and Katren North from C&K Careers on the Summer Holiday Internship programme.

An overview of the programme was provided to Members. It was noted that it was aimed at Year 10 students with a week within an employability programme, followed by a week of work experience.

Members noted that 100 placements with employers for South and other Area Councils had been sourced with many being local businesses. Following the week of work experience some students had been offered apprenticeships or part time work.

From the 2015 cohort from the South Area, it was noted that all those completing the programme reported positive changes, in areas such as self-confidence, and all had progressed on to positive destinations.

From the 2016 cohort, all had now progressed to Year 11 and had recently been interviewed. All students had made applications for college, 6th form or apprenticeships, and this was ahead of the majority of students. It was noted that all will continue to receive support from C&K Careers until late in 2017.

Members heard how parents of pupils taking part had also been very positive of the scheme.

The meeting discussed why numbers had been much below target, and heard of the complexities in working with both secondary schools in the South Area. It was noted that networks had been made in both schools, and it was hoped that this would help the engagement of students if the programme was repeated.

Members heard of the celebration event held centrally, which was requested by students as they made friends with their counterparts in North and North East Areas. It was suggested that this showed that the students had built resilience, useful in their future learning and careers.

C&K Careers were thanked for their presentation, and the impact of the scheme in the South Area.

Members briefly discussed whether the Area Council would run a similar scheme in 2017. It was agreed to discuss this in more detail in the future taking account of finance remaining and the Area Council priorities.

RESOLVED that thanks be given to C&K Careers for their presentation.

24 Performance Report (Sac.02.12.2016/5)

The Area Council Manager introduced the item, referring to the Performance Report previously circulated.

With regards to the One Stop Shop commission, Members heard how the number of appeals that had been supported had increased, and therefore the service was now at capacity. The meeting discussed the potential provision of advice sessions in Middlecliffe and a number of options were to be considered, with the preferred option being a twilight drop in session. It was noted that a venue needed to be identified, and the ability to hold discussions in confidence was considered of paramount importance.

Members discussed the performance of the Tidy Team contract. The meeting heard how there were some gaps in performance information, but this had been largely attributable to a change in staff, and it was thought that this would now improve. A number of performance indicators were below target, but it was suggested that this was due to the time the team had spent attending many summer events. It was suggested that any shortfall would be addressed in the forthcoming quarter. The team had recently recruited two apprentices and would recruit a further two shortly.

Members noted that the performance against the contract with Kingdom Security for Environmental Enforcement was as expected, with no issues. It was suggested that a future meeting of the Area Council receives a presentation, providing an overview of the work of Kingdom Security in the Area.

RESOLVED:-

- (i) That the report be noted;
- (ii) That a future meeting of the Area Council receives a presentation on the work of Kingdom Security in the Area.

25 Report on the Use of Ward Alliance Funds (Sac.02.12.2016/6)

The Area Council Manager introduced the item. It was noted that since the papers for the meeting were published, further applications had been approved.

Remaining balances were as follows:- Hoyland Milton and Rockingham, around £2,200; Wombwell, around £5,000, and Darfield approximately £18,500.

RESOLVED that the report be noted.

26 Update on New Commissions (Sac.02.12.2016/7)

The Area Council Manager spoke to the report previously circulated. Members heard of the success of the Love Your Block events in Darfield, and noted the number of young people engaged. It was thought a positive model that could be applied to other communities.

With regards to the ARC course, a celebration event had been held and Members commented on the benefits of the scheme to young people and the positive feedback from those engaged. It was noted that a more formal report with regards to the course will be submitted to the Area Council in due course.

Members heard how the Private Sector Housing Management and Enforcement Officer was now in post and had met most of the Councillors in the area. It was noted that the officer was being proactive and leafletting to raise the awareness of residents, and Members were encouraged to feed in relevant intelligence. The

meeting discussed the provision of a body camera for the officer, noting that their safety was paramount. It was acknowledged that all relevant risk assessments had been completed, but the option of providing a body camera would be pursued.

Attention was drawn to the current financial position, as outlined in the report, noting the amount of finance available to allocate would likely increase slightly due to income from fixed penalty notices.

The meeting noted previous discussed regarding tendering for an advice service, similar to the 'One Stop Shop' currently provided, to commence in April, 2017. It was noted that a review of the Welfare Rights service was currently ongoing and it was felt important to incorporate the findings of this into any future service, ensuring that centrally provided services complemented those provided by the Area Council. In addition, it was felt important to work closely with Barnsley Clinical Commissioning Group to ensure any service took account of the social prescribing work being undertaken.

It was therefore suggested that a waiver to contract procedure rules be sought, in order to extend the current 'One Stop Shop' provision for a further three months in order to take account.

RESOLVED:-

- (i) That the progress of projects under development be noted;
- (ii) That the current financial position in relation to the South Area Council Commissioning Budget for 2016/17 and 2017/18 be noted;
- (iii) That approval be given for the Executive Director Communities to complete the necessary paperwork to waive contract procedure rules to enable the One Stop Shop to be extended until 30th June, 2017 at cost of up to £18,750;
- (iv) That £75,000 of the 2017/18 budget to be provisionally allocated to funding an advice service in the South Area.

MEETING:	South Area Council – Inquorate Meeting
DATE:	Friday, 28 October 2016
TIME:	10.00 am
VENUE:	Meeting Room, The Hoyland Centre

NOTES OF AN INQUORATE MEETING

Present Councillors Stowe (Chair), Coates, Franklin, Daniel Griffin, Markham, Saunders, Shepherd, and R. Wraith

1 Declarations of Pecuniary and Non-Pecuniary Interests

Councillors Franklin and Shepherd declared a non-pecuniary interest in item 5 insofar as this item referred to the Forge Community Partnership, of which they are both members.

2 Minutes of the Meeting of South Area Council held on 2nd September, 2016 (Sac.28.10.2016/2)

The meeting considered the minutes of South Area Council meeting held on 2nd September, 2016.

RECOMMENDED that the minutes of the South Area Council meeting held on 2nd September, 2016 be approved as a true and correct record.

3 Notes of the following Ward Alliances (Sac.28.10.2016/3)

The meeting received the notes from the following meetings:-

- Hoyland Milton and Rockingham held on 5th September, 2016;
- Darfield held on 29th September, 2016; and
- Wombwell held on 20th September, 2016.

RECOMMENDED that the notes from the Ward Alliances be received.

4 Report on the Use of Ward Alliance Funds (Sac.28.10.2016/4)

Members received a report which provided details of the latest expenditure from the Ward Alliance Funds. It was expected that the allocations would be spent up within the year, with the exception of Wombwell, where a carry forward of up to £13,500 was anticipated.

RECOMMENDED that the report on the use of the Ward Alliance Funds be received.

5 Performance Report (Sac.28.10.2016/5)

The Area Council Manager introduced a report giving an overview of the performance of activity commissioned by the Area Council. The meeting noted that the performance information for the Kingdom and the Clean and Tidy projects was not up to date as contract meetings were not due until November.

The meeting noted some variations to the Clean and Tidy project, to provide for activity during evenings and weekends. The report also incorporated case study information in respect of the Kingdom contract and detailed information on the summer internship programme, which was complete except of the celebration event. Communication with Kirk Balk Academy continued in relation to their engagement with the project and Members noted the need to secure better use of the community space at the Academy.

The meeting noted that the reduced throughput for the one stop advice sessions was mainly due to fewer sessions being held over the summer months. Feedback forms from advice sessions had indicated that word of mouth was the best way to spread information about the sessions and this was being considered, together with a range of other issues in relation to taking forward the project. The meeting noted the difficulties that residents of Middlecliffe had in accessing the advice sessions held in Darfield and discussed the need for further consideration of ways that accessibility could be improved.

The meeting noted the delay in taking forward the Private Housing Enforcement project, but that an officer would now be in post from 31st October on a 12 month secondment. The Area Manager already had information on areas of concern previously raised by Members, but any further areas for attention should be referred through to her by Members. It was hoped that arrangements could be made for the officer to attend Ward briefings as part of her induction.

RECOMMENDED:-

- (i) that the report be received and the progress for commissions be noted;
- (ii) that contact information for the Private Housing Enforcement Officer be circulated to Elected Members;
- (iii) that arrangements be made for C&K Careers to attend the next meeting of the Area Council to give the final report on the summer internship programme; and
- (iv) that the Area Manager investigate with Darfield Ward Members how a welfare advice session might be provided at Middlecliffe within the overall programme of drop-in sessions.

6 Update on new commissions (Sac.28.10.2016/6)

The Area Manager introduced a report giving an update on the development of a range of South Area Council projects agreed in October 2015, outlining the current financial position for 2016/17 and 2017/18, and seeking Members' consideration of the future of the Welfare Rights and Advice provision across the South Area Council from April 2017.

RECOMMENDED:-

- (i) that the progress of the projects under development as outlined in Section 3 of the report now submitted be noted;

- (ii) that the current financial position of the South Area Council's commissioning budget for 2016/17 and 2017/18 be noted; and
- (iii) that, in respect of the Welfare Rights and Advice project, the Area Manager develop a draft specification, timescales and costings for the continuation of this project from April 2017 for further consideration at the Area Council's meeting in December 2016.

1. Welcomes and Introductions.

2. Derek Bell – Resilience Plans.

Unfortunately Derek was unable to attend.

3. Notes from the Ward Alliance meeting held on 31 October 2016.

The minutes were accepted as a true recording of the proceedings. Councillor Andrews wanted it noting that in relation to the funding application for Jump School, his grand-daughter is a member of the choir.

4. Tidy Team Update.

In the run up to Christmas everything has gone well. There was a duplication in teams because the Neighbourhood Services Team arrived on the same day as the Tidy Team for the preparation at the Cenotaph.

The two apprentices are due to start their level 2 training in horticulture. Advertising will commence in January 2017 for young apprentices.

There has been a steady increase with volunteers and in engaging with schools.

Shortwood Path is now clear, one of the volunteers was impressed at how hard working the Tidy Team are, they never stop.

Thanks were given to the Tidy Team particularly for the work done installing the Christmas Tree in Hoyland.

5. Promotion of Ward Alliance Funding.

Funds are quite low, there will be some money to go back into the pot because not everything was spent that was allocated to the Frosty event.

6. Ongoing Projects.

Celebration Event. This event was a success and the representative from Kirk Balk thought it was an excellent event, all the schools in the area have expressed interest in the event.

One of the Stars of Hoyland has said that they do not want their award, as it is for environmental work Tesco said they could arrange a volunteer day to help the winner as recognition for work done. It was agreed the award winner will be contacted.

The event was on budget and all the banners etc will be stored at Tinkers Café for next year.

Slipper Exchange. Still ongoing so far 380 recipients have had slippers, with additional pairs being donated to residents in sheltered accommodation who may not receive anything this Christmas. An evaluation exercise will be done in February/March 2017 which should provide tangible evidence on the success of the project.

It was agreed that we need to consider projects for next year to give time to improve planning processes.

7. New Projects.

Hemingfield School – Ready, Steady, Play. This application was unsuccessful as it was felt the school should have a budget to provide the resources requested and if allowed it would set a precedent for all the schools in the area. The group are encouraged to contact the 0 to 5 team at Jump Family Centre because they have a budget for this type of work. The decision was unanimous.

8. Any other business.

Tesco bags for help. If you go in store a token will be given to you to drop in a tub, the tub with the highest tokens will receive funding so please put it in the one with the S71 postcode as that is the most local organisation.

Neighbourhood Food Collection scheme. Still needs promoting to suitable community groups.

9. Date of next meeting.

Tuesday 24 January 2017 at Hoyland Centre.

Councillor Lamb chaired the meeting.

1. Welcome and apologies.

2. The Chair welcomed Simon Dobby, Head of Corporate Health, Safety and Emergency Resilience.

Community resilience is a national Government initiative which started 12 months ago. It looks at communities using their own resources and what the area needs. Community resilience plans compliment emergency services and Barnsley Council own plans and do not replace work done by the Council.

The resilience plans help to prioritise the areas to deploy services, the Council does not provide sand bags but the aims of these talks are to identify buildings that can be used as rest centres and contact details of key holders, identify volunteers to provide basic services such as meet and greet and provide cups of tea and identify vulnerable people who may need additional services.

The alliance members concluded that they require further discussion. This item will be carried forward to the next agenda.

3. Tidy Team Update. No update was given at this meeting.

4. Promotion of Ward Alliance Funding.

Discussed how much money was currently been held in the Ward Alliance Fund. It was considered that as an alliance we need to be encouraging groups to look at external funders and not rely on Ward Alliance Funding as there are other funding opportunities out there such as bags for help and the big lottery. It was generally felt the Love Where You Live newsletter was not of great benefit for funding opportunities because a lot of the deadlines are too tight for most groups to put a bid together. It needs to be raised at the Area Chair meeting. This item is to be carried forward to the first meeting of the new financial year when it may be necessary to put a working party together.

5. Ongoing Projects. No update was given at this meeting.

6. New Projects.

Guys and Dolls – agreed

Birdwell Watercolour Group - agreed

7. Any other business.

Anti-social behaviour in the Tesco store is increasing, youths are throwing stones and starting to set fires, there is growing concern about colleagues and customers safety. Advised to contact tasking officer and Charlotte Agnew at the Komplex.

Councillor Tim Shepherd notified the Ward Alliance that Richard Sullivan had recently passed away. He had been a long-time volunteer at Elsecar Park.

8. Date of next meeting Hoyland Centre Tuesday 21 March 2017 at 5:00pm.

In the better Barnsley shop has around 20-25 students twice a week.

Classes cost £2 a week for a 90 minute class.

At the start in Wombwell during the week there was 16 students, however due to shift patterns and the light levels they changed the date to Saturdays which improved attendances.

The Alliance gave the group £500 to encourage Asylum seekers however there has been no takers.

Due to there being no takers for the Asylum seekers classes the Alliance agreed that the money could be used for other purposes. This to include going into schools and offering chances to bring a child for free to try and encourage more users.

2016/17 WARD FUNDING ALLOCATIONS

For 2016/17 each Ward will have an allocation of £10,000 Ward Alliance Fund.

50% of the funding requires a match-funding element of volunteer time that directly relates to the project in question, or other match funding resources (such as free room hire or donations of goods and equipment). This reflects the fact that the fund is intended to support volunteering and social action in our communities.

50% can be used for initiatives that have no volunteer element – such as the purchase and installation of benches, hanging baskets or other street furniture.

Area Councils have the option to allocate up to £20,000 from the Area Council budget to their Ward Alliance. This is discretionary to each Area Council, and Area Council's may also choose not to allocate any funding to ward level.

The carry-forward of remaining balances of the 2015/16 Ward Alliance Fund will be combined and added to the 2016/17 Allocation, to be managed as a single budget with the above conditions.

All decisions on the use of this funding need to be approved through the Ward Alliance.

Comprehensive Quarter 10 (Sept - Dec 2016) monitoring reports were completed by Barnsley Citizens' Advice Bureau and BMBC Welfare Rights and a Quarter 10 contract review meeting was held on Friday 9th December 16.

As a result of discussions at the South Area Council meeting on the 28th October 2016 the Acting South Area Council Manager met with CAB and BMBC Welfare Rights to look at the request and options for advice services in Middlecliffe. A monthly session was offered to Middlecliffe as part of the existing contract, at no extra cost to the Area Council. This proposal is currently being considered by the Darfield members.

The teatime / twilight sessions continue to be extremely busy, reflecting the fact that the majority of those seen are in work and require help with in-work benefits or other issues.

The continued effects of national welfare reform continue to be felt – particularly in terms of the number of appeals/mandatory reconsiderations [where the client is appealing a decision made by the DWP] which have virtually doubled in the last quarter, and also in the high numbers still being referred to Food Banks or Homeless provision.

For the first time, both Advice Workers have been asked to record the proportion of client they would class as vulnerable and unable to help sort out the problems they are presenting with unaided. For both Advice Workers, this is averaging around 50%; showing the importance of retaining face-to-face services for those who most need it.

Pressure on the Welfare Rights Adviser has increased massively over the last quarter due to the closure of DIAL's face to face service, resulting in a large upsurge in clients coming forward for help with disability forms and related appeals/reconsiderations.

The Citizens Advice Worker has seen both debt and legal enquiries increase again this quarter, along with larger numbers of clients with mental or physical health problems. The amount of debt managed through financial settlements is the highest to date this quarter at over £277,000.

This project has been extended to 30th June 2017 using a waiver to standing orders, to enable the full impact of the local Welfare Review and the associated restructuring of Citizen's Advice and Welfare Rights Advice to be completed before the contract is recommissioned.

The final and amended tender specification for the new contract agreed by the South Area Council (July 2017 – June 2019) will be presented for approval at the meeting of the South Area Council on 24th February 2017, after which it will go out to tender immediately. This will allow plenty of time for the procurement process to be completed before the new contract begins in July 2017. The new tender reflects the need to retain a face-to-face service outlined above, combined with a desire for the provider to develop alternative methods of support for less vulnerable clients.

Case studies can be found at Appendices 1,2,3 and 4 of this report.

The Tidy Team 2 project has been recommissioned. The contract was awarded to Forge Community Partnership/Anvil CIC and started on 1st August 2016. The contract will run for 8 months to March 2017 initially, but allows for a further + 1 year + 1 year based on satisfactory performance and the continued availability of Area Council funding.

As part of this new contract, the team are increasingly working alongside volunteers to deliver a range of environmental activities, clean-ups and litter picks. This can be seen in the increase in volunteers recruited and worked with – with 86 new volunteers this quarter alone (53 adults and 33 young people) and work done alongside 113 existing volunteers (37 adults and 76 young people).

Increasing demands on the team, particularly at weekends and in the evening are now seeing the team splitting into two, to enable a greater number of jobs to be tackled simultaneously. This has been made possible by increasingly the number of drivers and a rejigging of the working rota to include more weekend shifts.

The Quarter 2 contract review meeting is due to be held on 13th February 2017, but the monitoring data has already been received and included in this report. The contract remains on amber because a small number of the targets have not been met, including numbers of litter picks, clean-ups, large & other environmental projects completed and businesses worked with. However, this is heavily offset by over-achievement on a number of other targets, including numbers of new volunteers recruited. This will need to be discussed at the forthcoming contract review, as it may be that these new targets require adjustment.

Two adult apprentices were recruited in October 2016. One is enrolled on the NVQ2 in Horticulture at Barnsley College whilst the other needs additional basic skills support which is currently being sorted out with the College. Both have settled in well to the team and are enjoying the work. Forge are keen to recruit a further 2 younger Apprentices, but have been unable to find anyone suitable to date, despite the advert having been widely circulated a number of times since September last year. They are currently working with the Targeted Information and Advice Team in Barnsley Council to try to identify 2017 school leavers at risk of becoming NEET who could benefit from the opportunity.

Case studies from the Tidy Team can be found at Appendices 5 & 6 of this report.

Kingdom were successful in gaining a new contract management and review process started 1st April 2016 .

Since the start of the original contract 1990 FPN's (1873 of these have been for litter and 125 for dog fouling) and 491 PCN's for parking have been issued in the area. Officers continue to concentrate their patrols around intelligence led information from the tasking process and also from referrals from elected members and complaints on the street and from the community at large. To date all offenders have either paid prior to attending court, pleaded guilty prior to court or have been found guilty at court. There continues to be a 100% success rate at court.

One of the issues with court proceedings has been the overly long wait to have the case heard in court (current offenders will not have their cases heard until November 2017) which delays the generation of income from fines. However, it is hoped that the introduction of a new and simpler Single Justice System from January 2017 onwards will help to reduce this significantly.

As illustrated in the table above, there is overall satisfaction that the service is performing well and is continuing to make good progress in line with the contract. There has been a large rise in the amount of good quality intelligence being received from the public, particularly around dog fouling and this is reflected in the increased number of targeted operations this quarter – 36 in total.

Eleven young people have taken place in restorative litter picks this quarter in lieu of a fine for littering, and a further 10 are awaiting a litter pick, which will take place in February.

Case studies from this contract can be found at Appendices 7 & 8 of this report.

This contract has now been completed. As previously reported, takeup of these courses was around 17%, despite extensive survey work to identify the content and format of courses required by local businesses. For this reason, the South Area Council has decided not to fund similar provision in the future.

The 2015 and 2016 project continued to have an amber rating for ‘outcome indicators met’ because not all available places were filled across the two programmes. The South Area Council Manager has been satisfied that C+K Careers did all they reasonably could to get the schools to respond, and that any provider would have faced similar difficulties. As a result of the difficulties the number of places was reduced for 2016 to 45 against which 25 students were recruited for the South Area.

A final report was provided in full at the meeting of the South Area Council on 2nd December 2016. C+K Careers will now stay in touch with the 2016 cohort of students until they are settled into a first positive destination after leaving school, as the ‘stay in touch’ phase of the contract does not end until November 2017.

A one year pilot Service Level Agreement to provide a Private Sector Housing Enforcement Officer for the South Area was agreed with BMBC Community Safety by the South Area Council in April 2016. This was done in recognition of the excellent work done by similar posts operating in the Dearne and Central areas, and funded by their respective Area Councils. The post aims to work with both tenants and landlords in order to improve the standard of private sector housing and its immediate environment through support and where necessary, enforcement.

A secondee was agreed and due to start with BMBC Community Safety in September 2016, but decided ultimately not to take the post. A new postholder, Sarah Harrison, was seconded to the post and started on October 31st 2016.

Sarah has already met with all members in the South Area and with BMBC Tasking and Enforcement Officers for the area in order to identify priority areas to focus upon, and has done a promotional campaign using Facebook and a short article in the South Area Community Magazine which goes to every household.

The first quarterly contract meeting will be held in February 2017; hence the N/A in the table above.

Progress on other related work:

Follow up from Health Asset Mapping Conference:

3 groups established to take forward priorities identified:

- Universal access to advice – work group postponed until local Welfare Review completed
- Love Your Block – pilot Halloween event held in Broomhill in October 2016, which was very successful and well attended. This approach will now be expanded using a toolkit developed in conjunction with other Area Teams, which offers help and advice to those wanting to hold an event, and the loan of an equipment kit.
- Better Community Networks – progress of group held up due to long term absence of South Area Council Manager. This will now be recovered.

Finance update:

Members will be aware that the proposed reduction in Area Council budgets of £40,000 for 2017/18 has been removed, meaning that the **South Area Council should get its full £400,000 allocation for 2017/18 as planned.**

This means that including all income received from the Kingdom contract to date, the South Area Council now has **£43,723 of funding which is currently unallocated.** Future income received from Kingdom will be additional to this, but cannot be guaranteed.

Citizens Advice Case Study 1 Q2 – Year 3

The clients were an elderly couple who visited Citizens Advice at the drop-in at Hoyland library.

They had been trying to get some scaffolding removed from their property after having some work carried out by a company called Energysave Central Ltd who visited them at their home several months ago asking if they wanted any damp proofing work done.

The couple agreed to the work being carried out as they felt it needing doing anyway – however, the scaffolding was erected by a local subcontractor.

The job was done on the 15 August and finished on the same day – the clients had no issues with the damp proofing work but had been trying to no avail, to get Energysave Central to remove the scaffolding ever since.

The clients tried speaking to their salesman and customer services who kept promising the scaffolding would be taken down, but by November they felt they were getting nowhere.

The scaffolding is at the rear of the house covering the back door and partially blocks the way into the client's house. Their granddaughter had already banged her head against one of the poles and the clients were worried that with the dark nights it would be harder to see the scaffolding.

The outreach adviser checked if the trader was a member of any trade organisation – they weren't. However, as Energysave Central are a limited company the adviser looked them up on Companies House and obtained details of their head office and company director.

Citizens Advice offered to act on the clients' behalf and with their consent wrote to the director of Energysave Central Ltd requesting they arrange removal of the scaffolding as soon as possible as it had been up for nearly 3 months.

Two days later, the director from Energysave phoned Barnsley Citizens Advice and spoke to the outreach adviser apologising profusely for what they called an unacceptable error, the scaffolding would be taken down immediately.

The following day, the client phoned up to confirm the trader had called them and the scaffolding had been taken down – the clients said they were extremely grateful for Citizens Advice getting involved on their behalf as they felt their voice just wasn't being heard.

**Citizens Advice
Case Study 2 Q2 – Year 3**

The client came to see Citizens Advice at Hoyland library for advice on what notice pay they were entitled to if their employer dismissed them.

The client had a stroke a year ago and has been unable to work ever since, however, they'd now like to return to work to carry out some lighter duties but assumed they'd just be dismissed instead.

They'd received a letter from their employer, a large company, wanting to meet the client to discuss their absence record, health and medical report carried out by the company. They also mentioned that the client may be dismissed.

The client has worked for the company for over 30 years but if dismissed would only get notice pay amounting to a maximum of 12 weeks worth of their normal weekly pay.

After exploring the client's health situation in detail and researching into their employment rights we advised they couldn't just be dismissed without the employer going through the correct processes as laid out in guidance by the advisory, conciliation and arbitration service, Acas. If the employer didn't follow such a process it could be unfair dismissal.

The client was completely unaware of this so was advised on what to expect at the meeting with the employer and that they could take a union representative with them. We also advised on what an Employment Tribunal would expect from the employer when dealing with a long-term absence due to ill health and what role Acas would play between the client and the employer.

The client was also advised that their employer may be discriminating against them due to their health after having had a stroke – if considered disabled the client is protected by the Equality Act 2010 and may be able to take action against their employer if they don't make reasonable adjustments for them at work.

As a result of the advice given the client has trade union representation at the meeting with the employer and they feel much more empowered and knowledgeable about their employment rights now.

This is an ongoing, current case where the adviser from Citizens Advice is providing support and advice to the client to ensure they don't suffer any wrongdoing or discrimination at work.

Case Study 1

Client was recently bereaved & thus so left without any money due to her late husband being in receipt of all the benefits they had coming in. They live in a council property.

The client approached the one stop shop with her daughter for advice on what benefits she could now claim in her own right & how to go about it & also what to do about rent etc.

I first of all carried out a benefit check & as the clients late husband was suffering from cancer he received maximum DLA entitlement & therefore the client received carers allowance for looking after him.

The client was not aware but I informed her that her carers allowance along with a new claim to Income support & housing/council tax support would continue for a further 8 weeks from the date of her husbands death therefore giving her a little breathing space until she can sort out her personal affairs & her future means of income. I advised her to make a new claim for both income support & Housing benefits right away & to ring the DWP's bereavement service to inform them of his passing, this would then be fed down to all depts. within the DWP notifying to suspend all his claims etc.

I advised her to make a claim for bereavement allowances as she would qualify for the maximum amount of £115 pw & the £2k lump sum payment due to her age.

I also advised to claim for the social funds funeral grant due to them not having any substantial savings or a pre-planned funeral arrangement.

I contacted on her behalf Berneslai homes & council tax dept. to advise them of the situation & that new claims would be submitted immediately & to ask them to suspend any arrears letters until things had fell into place.

I completed online a new claim for housing/council tax benefits with the client during the interview & gave no's. for income support, carers allowance & the bereavement service.

I calculated the clients new income after the 8 week carers run on had expired including the bereavement allowance with housing & council tax benefits & provided her with a copy of this.

Case Study 2

Client is elderly who has recently had to take the decision to place her husband who has dementia in a nursing care home due to his significant decline in mental & physical functions.

She informed me that they were in receipt of joint pension credit top up of their pensions of about £30 per week. They own their own home & received council tax benefit & they do not have any savings over £10k so her husband is receiving full care funding.

She is concerned that when she notified the pension credit dept. back in June '16 by phone that she needed to claim in her own right that the amount of pension credit she keeps getting every week is the same & despite numerous calls to them to which they keep telling her that it will be dealt with but she is afraid that she may be being overpaid with all the time going past & just feels as though she is being fobbed off.

I telephoned the Pension credit dept I explained the circumstances & requested a change of circumstances form be done with the advisor over the phone to which occurred & was told client would be notified in due course.

I also calculated clients new pension credit award based on her income & she would be entitled to more solely than when it was joint as she only has her own small state pension.

This seemed to reassure the client as she was thinking she would get less & that she was being overpaid from June '16.

A couple of weeks later the client came back to the drop in to say she had still not heard anything & that she was still being paid the same amount! I made the decision to print off a pension credit change of circumstance form which we completed there & then to which I posted off from our HQ.

The client 2 weeks later telephoned me to say that everything had been sorted & that she was also due a lump sum payment from them which was the backdated higher amount she was entitled to from June '16.

<p>Key Learning Points:</p> <p>Children of this age have very short attention spans and need to see an end result very quickly. Whilst litter picking they were told of the background of what happens to litter and the importance of recycling. Because of the variance in the work they were occupied and happy for longer lengths of time.</p>
<p>Background:</p> <p>This event was the final event in the year with this school following a number of projects in differing seasons and a successful year of work with the children. Previous work had included wild walks, education of bugs, litter and recycling.</p>
<p>Who was Involved:</p> <p>Staff: Tidy Team x 4 Existing Volunteers: 0 New Volunteers: 30 Hours Given: 60</p>

BARNSELY METROPOLITAN BOROUGH COUNCIL

South Area Council Meeting:

**Report of South Area Council

Recommissioning of South Area Council Advice Services contract

1. Purpose of Report

1.1 To present the final draft tender specification for the recommissioning of the South Area Council Advice Services contract for consideration and approval by the South Area Council.

1.2 To seek volunteers from the South Area Council to sit on the Evaluation Panel as part of the recommissioning process.

2. Recommendations

2.1 That members agree the revised tender specification for the Advice Services contract, including agreement upon any required amendments

2.2 That members approve the recommissioning of the Advice Services contract for two years from 1st July 2017

2.3 That the South Area Council nominates a minimum of one representative to sit on the Evaluation Panel for the recommissioning of the Advice Service contract

3. Background

3.1 The South Area Council first commissioned advice services in June 2014, when Barnsley Citizens Advice Bureau and BMBC Welfare Rights Service were jointly approved to deliver the 'One Stop Shop' contract across the South Area.

3.2 This highly successful contract has now seen in excess of 2100 people and has brought back in excess of £1,687,000 in extra income to local people in the form of benefit gain. A Social Return on Investment analysis found that the project brought in over £28 of social value for every £1 invested by the Area Council.

3.2 The initial 2 year 'One Stop Shop' contract finished in June 2016. However, it was decided not to recommission the project at this stage because a major restructuring of mainstream advice provision was underway as part of a local Welfare Review and this needed to be completed in order for the implications (if any) on the 'One Stop Shop' contract to be clear. As a result, two waivers to Standing Orders were granted to cover the period July 2016 – June 2017, to allow the project to continue whilst the Welfare Review and its associated restructurings were completed.

3.3 At its meeting on 2nd December 2016, the South Area Council had already decided to recommission this service, and asked for a detailed and revised tender specification to be drawn up for its approval at its meeting on 24th February 2017. This specification is attached at Appendix A.

4. Revisions to the tender specification

4.1 The 'One Stop Shop' specification has now been renamed the 'Advice Services' project. This is because the original idea for a range of advice services to be housed under one roof outlined in the 2014 tender specification did not turn out to be possible because of practical limitations on confidential space across the four wards. The need to join services up for the client was achieved through highly effective referral and signposting to other organisations and help by the two advice workers on the project.

4.2 The tender document makes reference to the need for the appointed provider/s to make strong links to the new Public Service Hubs which will be in place from 1st April 2017. This will need further exploration with the provider/s after the contract has been awarded because the way in which the Hubs will operate is still under development.

4.3 The tender specification also makes reference to the possible development of a 'triage' system whereby clients are screened on arrival and referred for a range of help (from intensive face-to-face support through to self help/partial self help or online/phone support) dependent on assessed need. This is done both to boost the client's ability to help themselves, but also to manage high levels of demand.

This approach has not been used to date as part of the 'One Stop Shop' contract but has been operating in town centre Welfare Rights services for some time. Rising demand on the South Area Council advice workers means that the introduction of this way of working may need to be considered on the new Advice Services contract, but it is not clear how this would work locally and this would need further exploration with the provider/s once the contract is awarded.

4.4 For the first time, provider/s are being asked to deliver occasional briefing sessions for practitioners working in the area on important changes to the welfare system – for example, the rollout of Universal Credit. This reflects the government's continuing reforms to the welfare system, which look likely to continue for the foreseeable future.

4.5 Reflecting the need to continue Social Return on Investment analyses on all South Area Council contracts, the provider/s are being asked to collect some new statistical data which will make this more accurate – for example, the number of clients with mental or physical health problems and the number of clients who have been helped to avoid a tribunal.

4.6 Because the session times and venues are now well established and known within the South Area, the tender specification stipulates that the provider/s must retain the same service schedule. The specification also asks the provider/s to present additional ideas to support clients – for example, the use of webchat or the development of Check & Send services, where the client completes documentation which is then checked by the advice worker before sending.

SECTION 1

PROJECT OVERVIEW AND SCOPE OF SERVICE

1. INTRODUCTION

The South Area Council (comprising Darfield, Hoyland Milton, Rockingham and Wombwell wards) wants to recommission its highly successful and well used information and advice services, which have been delivered in a range of community venues across the South Area since June 2014.

Based on strong evidence of continuing local need, the provider/s will need to continue to offer the full range of welfare rights and advice services for local people as outlined in detail in Section 6. The appointed provider/s must demonstrate high levels of skill and experience in delivering the following face to face information and advice services to a universal locally based client group:

- Helping local people to maximise their income through claiming of the full range of in- work, out of work and disability related benefits and pensions
- Supporting local people with a range of issues including unmanageable debt, housing and homelessness, employment, legal and relationship problems
- Supporting local people to cope with the challenges of continuing welfare reform and the impacts of austerity
- Full referral and signposting to a range of specialist and/or other local services where appropriate
- Active ongoing promotion of the services offered to the wider community through networking with community groups and partner organisations and through the use of social media, particularly where certain groups are not using the service offered
- Provision of regular information briefings for practitioners and community groups regarding major changes in policy or welfare delivery – for example, the move to introduce Universal Credit for all new claimants.

For full details of the services required, please refer to point 6 within this section.

Working alongside the South Area Council Manager who will manage the contract, the provider/s will ensure that the services offered in the South Area fully align with and complement the borough-wide universal services offered by Barnsley Citizens Advice Bureau and the BMBC Welfare Rights Service and newly established Public Service Hubs.

In developing and delivering this service, the providers should ensure that they are contributing to the Council's Corporate Priorities and outcome statements, as outlined in Section 1, Point 4 of this specification.

The service delivered will be required to demonstrate high levels of social value through contributing to building the resilience and self-reliance of individuals to manage their own lives and the challenges they are faced with, as outlined in Section 5.

2. BACKGROUND AND CONTEXT

The initial need for locally based advice and information services was first identified by the South Area Council in 2013, when it became apparent from ward based data showed a huge increase in the demand for borough-wide welfare rights and citizen's advice amongst people living in the South Area. Further investigation showed that this was due to a number of changing factors, including:

- An increase in unemployment and under-employment across the Area leaving larger number of people reliant on particularly in-work benefits
- The migration of clients from Incapacity Benefit to Employment Support Allowance and from Disability Living Allowance to Personal Independence Payments.
- The introduction of the 'Bedroom Tax'
- The move to housing payments made monthly direct to tenants
- The need for those on Housing Benefit (80% of who are in low paid work nationally) to contribute towards their housing and Council Tax costs
- A massive increase in those having their benefits sanctioned

This has led to a number of issues, including:

- A growing number of housing related enquiries around the risk of homelessness.
- A continued growth in clients seeking help with unmanageable levels of debt,
- Increasing numbers of clients with poor money management skills combined with a lack of resources within support organisations to offer support early on to prevent people reaching crisis point
- The unknown impact of the introduction of Universal Credit and a move to all applications for in and out of work benefits (including pension related) to be completed online, as well as the continuing impact of direct housing payments to tenants.

Evidence of issues within the South Area:

These national and borough-wide issues are heavily reflected in the statistics from the existing South Area Council contract delivered by Barnsley Citizen's Advice Bureau and BMBC Welfare Rights Service, which found that in the 2 years from June 2014-16:

- 39 individuals required urgent help in order to keep their homes
- Local people presented with £1,449,000 of debt which they could no longer manage and which required the negotiation of a formal financial settlement
- Local people were supported to £1,581,000 of largely in-work and health related benefits to which they did not know they were entitled

- Over 200 people required help from either the Credit Union or money management support in order to budget more effectively
- Over 700 specialist referrals were required to help with the issues presented by local people, including solicitors, homeless organisations & housing providers, domestic violence support, drug and alcohol support and a range of benefit agencies

The combined impact of these issues requires the delivery of specialist services which:

- Provide universal access to good quality welfare rights and advice support delivered in appropriate community venues.

The provider/s should be skilled and experienced in all areas of information and advice outlined in Sections 1 and 2 of this specification, but should be able to demonstrate particularly high levels of expertise in the following areas, which have continued to be the highest areas of demand throughout the initial contract period 2014-17:

- Support to claim in-work benefits and associated benefits for those in low paid and/or part time work, including support to claim as a result of changes in personal circumstances
- Support to claim disability benefits and to manage the challenges presented by the reassessment processes associated with ESA, PIP etc.
- Support to those presenting with unmanageable debt and the negotiation of formal financial settlements with a range of creditors
- Support people to feel that they have choice over the decisions they make, and provides access to support with money management training and/or Credit Union facilities where needed
- Provide signposting and referral to a wide range of local and boroughwide support services, ranging from specialist advice (for example, Macmillan Advisers, SISWO support or jobsearch help) to other support provision (for example, Food Banks, support from local groups) where required
- Help to identify gaps in provision and work actively with the South Area Council to look at ways to tackle this
- Provide information in a range of accessible formats, including online, face to face, printed information
- Offer a range of support from intensive face-to-face for the most vulnerable clients through to the encouragement of self-help or partial self-help for those able to help themselves

3. STRATEGIC VISION AND VALUES

5. SPECIFIC AIMS AND OBJECTIVES OF THE SERVICE

The South Area Council currently has four local priorities, against which it commissions a range of interventions and projects. These are:

- Access to locally available and accessible information, advice & guidance
- A thriving local economy
- Supporting opportunities for young people
- Improving the Local Environment

As part of its priorities around improving access to information and advice and a thriving local economy, the Area Council chose to tackle the issues around debt and lack of financial support identified in Section 1 Point 2.

As such, this contract seeks a provider/s to contribute to:

- a) the reduction of poverty in the South Area and
- b) the increase in mental and physical wellbeing in the South Area

by supporting people to:

- Maximise the in and out of work benefits they are entitled to
- Manage their debts more effectively Access other specialist help they may need to manage the issues they have
- Access help to find work and/or training
- Access help around more effective money management, to avoid falling back into a spiral of repeated debt
- Find out more about the help available to them locally and borough-wide
- Learn how to help themselves and become more resilient in the future

Ensure that people in the South Area are getting the maximum usage from help and support available locally and borough-wide by:

- Referral and signposting to encourage people to take up all available help
- Working with local organisations and community groups (including the 3 South Neighbourhood Networks and their Ward Alliances) to ensure that the contracted information and advice services and its partner support organisations are appropriately and strongly promoted across the Area

Social Value objectives:

Under this contract the provider/s will be required to actively contribute to the achievement of specific social value objectives. These include:

- Recruitment and deployment of volunteers where appropriate
- Promotion of employment, education & training opportunities within the Area
- Use of local VCS organisations and groups
- Contribution to the development of strong community networks
- The promotion of community and individual self help and the growth of resilience
- Local spend wherever possible

6. THE SERVICE/ACTIVITIES TO BE DELIVERED

The contracted service will use a range of local venues to provide the full range of advice and information outlined in this specification to local people across the South Area, by offering:

- The full range of Welfare Rights issues, including encouraging the full maximising of in and out of work benefit claims
- Information and advice around the impact of Welfare Reforms, including support and/or representation at appeals and tribunals
- Debt counselling and the agreement of formal financial settlements with creditors
- Issues related to health, employment, education, travel etc.
- Housing related issues, including support to avoid homelessness
- Financial, consumer/utilities and legal issues
- Signposting and referral to other specialist provision, including specialist support, training, employability/job-search, Credit Union & money management

This will require the employment of staff to continue to provide a fully qualified and experienced outreach team to be deployed across the South Area, offering a series of regular 'slots' of face-to-face advice delivered in easily accessible buildings across each ward. Use of these buildings has already been negotiated and will not need to be done by the provider/s,

The provider must deliver **at least one day per week face-to-face service to each ward** within the Area, although this may be altered during the lifetime of the contract in response to evidenced change in local need.

This delivery should comprise **at least one half day per week per ward of Welfare Rights advice and at least one half day per week per ward of Advice work**. This must include **at least one weekly twilight/evening session** to enable access to those in full time work, although this can be delivered in one of the wards only.

The service should continue to be offered in the same venues and at the same times as delivered by the existing contract (see Appendix for the existing service schedule) and provider/s will need to clearly state reasons for any alterations, since these sessions are already well known and widely promoted throughout the South Area.

In addition to the required services listed above, the South Area Council would welcome the introduction of additional formats for work with clients (for example, webchat, use of social media, using volunteers, check and send methodologies) although this should not be offered as a replacement for the face-to-face service outlined above.

All staff used for the delivery of this contract should have a minimum of three years' paid experience in either welfare rights or advice related work which covers the range of issues listed above. They must also be provided with regular specialist supervision, which could be provided either by the employing organisation or 'bought in' by a suitable third party organisation where this is not possible.

Target Groups

Residents of all ages who live within the Darfield, Hoyland Milton, Rockingham and Wombwell wards who require the advice and support offered by this contract.

However, the evidence base suggests that although the service offered will be universal, the following target groups are disproportionately more likely to require the services offered:

- People in low paid and/or part time work who are reliant on in-work benefits
- People with mental and physical health problems and/or disabilities
- Older people who are dependent on a state pension but who often do not claim additional related benefits to which they are entitled
- People whose vulnerability would make it unlikely that they could resolve the issues they face without help

Equality Impacts

The successful Provider will be required to ensure that the service is free from bias and acknowledges and respects gender, sexual orientation, age, race, religion, culture, lifestyle and values. If any needs are required as per the equalities act, such as language or disability, these needs will be provided for during the term of the contract.

15. QUALITY STANDARDS

- The provider of this service has a legal obligation to adhere to all equality legislation. The provider must produce their policy relating to race, gender, disability, religion or belief, sexual orientation and age. This policy should include the reporting mechanism for any adverse events which would constitute a deviation. Any and all adverse events should be reported to the Area Service Manager.

TUPE

- 2.13 The Council considers that in the event of this contract being awarded other than to the present service providers then the terms of the European Acquired Rights Directive (Number 2001/23) and/or the Transfer of Undertakings (Protection of Employment) Regulations 2006 (TUPE) may apply.

In the event that TUPE does apply, upon which the tenderers must reach their own view, tenderers should take into account the following requirements which would then arise:

- 2.14 You are advised to seek independent professional advice as to the application and the effects of the Directive and/or the Regulations on your organisation should you be in the position of being a successful tenderer.
- The need to consult with recognised trade unions or other professional associations.
 - the need to maintain existing rates of pay and conditions of employment of employees; and

- the need for a successful tenderer to accept liability in respect of claims for redundancy payments, unfair dismissal and all other claims related to previous employees.

3. TENDER EVALUATION

3.1 The Council will evaluate Tenders on a Price/Quality basis. A Price: Quality ratio of **30/70** applies, in favour of quality. The Tender shall be awarded to the highest scoring accepted Tenderer. However, the Council is not bound to accept the highest scoring or any tender.

3.2 Price Evaluation

If the Council suspects that there has been an error in pricing, the Council reserves the right to seek such clarification as it considers necessary from the Tenderer.

It is the Tenderer's responsibility to ensure that the Tender is arithmetically correct, prior to submission. The Tenderer will be informed of any arithmetical errors and be given an opportunity of confirming their offer or amending it to correct genuine errors.

The tender priced submissions will be separately evaluated as part of the tender evaluation.

Unacceptably low or high tenders may be discarded. A tender will be assumed to be unacceptably (abnormally) low if, in comparison with the Client's preliminary estimate and of all tenders submitted, it seems to be abnormally low by not providing a margin for a normal level of profit, and the Tenderer cannot explain the price/price breakdown on the basis of the delivery, or the technical solution proposed.

3.4 TENDER EVALUATION

The tender price submission will be independently evaluated by the evaluation team; the lowest acceptable price will be awarded 10 points. All submissions will use the formula lowest lot price / individual lot price * 10 which will score out of 10. The price will then be proportioned to 100% of the section for pricing then multiplied by 0.3 to proportion to 30% of the overall marks.

3.5 Tender Quality Evaluation

The tender quality evaluation comprises a three stage process:

- Stage One – Supplier Questionnaire
- Stage Two – Technical Capacity (Qualitative Questions)
- Stage Three – Pricing Schedule

3.6 Overall Price/Quality Evaluation Score

The tender price submission will be independently evaluated by the evaluation team; the lowest acceptable price will be awarded 10 points. All submissions will use the formula lowest lot price / individual lot price * 10 which will score out of 10.

The 'Price Score' and the 'Quality Score' will then be totalled to arrive at the 'Total Score'. The 'Total Scores' will then determine the most economically advantageous tender.

Scoring will be to two decimal points.

Price is 30% of the overall tender score.

The remaining 70% of the overall tender score will be based on an evaluation of quality.

The Council will evaluate Tenders on a Price/Quality basis. A Price: Quality ratio of **70: 30** applies, in favour of quality. The Tender shall be awarded to the highest scoring accepted Tenderer. However, the Council is not bound to accept the highest scoring or any tender.

The Evaluation Panel will first mark questions 1, 2 & 3 of Section 9 in Stage 2.

Tenderers must achieve a score 3 or more for questions 1, 2 & 3 of Section 9 in Stage 2.

Tenderers who do not meet this threshold will be excluded from the process and will be notified along with other tenderers at the Tender Award stage.

The overall tender evaluation scoring will be out of 70% for Quality and 30% for Price.

A worked example of **quality score** (70%) calculation is included below.

Tender scoring where the denominator is the maximum available weighted score;

e.g Maximum available marks for the section is 25 which then are proportioned to the overall quality. An example question which is weighted to 35% is detailed below:

Tender A scores 3
Tender B scores 5
Tender C scores 2

$$\text{Tender A } \frac{3}{5} \times 100 = 60 \text{ points} = 21.00\%$$

$$\text{Tender B } \frac{5}{5} \times 100 = 100 \text{ points} = 35.00\%$$

$$\text{Tender C } \frac{2}{5} \times 100 = 40 \text{ points} = 14.00\%$$

The total weighted scores are added together to give 100% of the overall section then weighted to 70% as below:

Tender A scores 75.00%
Tender B scores 65.00%
Tender C scores 82.00%

$$\text{Tender A } 75.00 \times 0.7 = 52.50\%$$

$$\text{Tender B } 65.00 \times 0.7 = 45.50\%$$

$$\text{Tender C } 82.00 \times 0.7 = 57.40\%$$

A worked example of **price score** (30%) is shown below:

Tenders score will be cheapest tender / tender submitted * 10 and then proportioned to 100% of the section.

Tender A submits £75,000
Tender B submits £65,000
Tender C submits £71,000

$$\text{Tender A } \frac{£65,000}{£75,000} \times 10 = 8.67 \text{ points} = 86.67\%$$

$$\text{Tender B } \frac{£65,000}{£65,000} \times 10 = 10.00 \text{ points} = 100.00\%$$

$$\text{Tender C } \frac{£65,000}{£71,000} \times 10 = 9.15 \text{ points} = 91.55\%$$

Total Pricing Score (30%)

100% of the pricing section will be proportioned to 30% of the overall marks by using section score * 0.3

Tender A = 26.00%

Tender B = 30.00%

Tender C = 27.47%

Total Score for Quality and Price

Tender A = 78.50%

Tender B = 75.50%

Tender C = 84.87%

Explanation of the Financial Assessment Process

The aim of the financial assessment process is to allow the Authority to make a risk-based judgement on the ability of the bidder to support a contract from a financial perspective. The assessment process will focus on:

- Analysis of significant items in the accounts including turnover and trading results and their trends, cash movements, Balance Sheet strengths & weaknesses and any financial ‘warning signals’
- Financial ratio analysis – including liquidity, gearing, solvency and profitability
- Credit reference checks – these will be obtained for each bidder (and where applicable ultimate parent company)

Where applicable, information on ultimate parent company accounts and financial information may also be requested to assess a companies’ financial ability to support a contract

Consideration of each of the above will be used to help inform judgement on the level of financial risk associated with the bidder (and parents if applicable). Based on the results of the above the Financial Appraiser will award the bidder with a ‘Pass’ or ‘Fail’ score

Pass - indicates no significant concerns over the financial capacity of the bidder to support the contract

Fail - indicates significant concerns over the financial capacity of the bidder to support the contract or has stated unwilling to provide any information

If further guidance is required on the financial assessment undertaken by Barnsley MBC prior to completing the tender documentation, please raise a message via the YORtender system – www.yortender.co.uk and you will be contacted by the appropriate person to talk you through the process.

Score – PASS / FAIL

NOTE: Prior to a ‘fail’ being issued the Council’s Financial Appraiser will take reasonable steps to contact the Bidder in order to discuss the reasons behind the ‘fail’ rating and if necessary seek further clarification.

Such information may include matters relating to, arising out of or under this Contract in any way.

14.2 The Service Provider will assist the Council to enable the Council to comply with its obligations under the Freedom of Information Act 2000 or other applicable legislation governing access to information. 15. TRANSPARENCY

15.1 The parties acknowledge that, notwithstanding any provisions to the contrary, the text of this Contract, and any Schedules to this Contract, is not Confidential Information. 17.4 The Council's standard payment terms are 30 days from the receipt of a valid invoice. However, under its Premier Supplier Programme, ("the Programme") the Council will automatically pay invoices after seven (7) days once it is satisfied that the goods or services have been provided for that particular invoicing period. This early payment attracts a rebate which is automatically calculated on the payment date and then deducted from each invoice value at the point of payment. The rebate is based upon the exact number of days by which payment is accelerated. The maximum amount deducted from the invoice value is 1.25% for payment on day 7, then operates on a reducing scale, to a nil deduction on day 30. For the avoidance of doubt the payment date is the date the payment leaves the Council's bank account and not the date on which it arrives in the [suppliers]' bank account. Details of the

Programme can be found at http://response.oxygen-finance.com/BarnsleyCouncilPSP_Homepage

South Area Council Advice Services contract

Case Study

A client contacts you by phone and explains that she has not been able to attend any of your drop-in advice sessions because they conflict with her working hours.

The client is a lone parent with a child, who is working for 16 hours per week and is self employed as a cleaner. She is currently receiving in-work benefits (Tax Credits and Housing/Council Tax Benefits). Her circumstances have not changed in the last four years.

She has received a letter 2 months ago from the Tax Credit office stating that they were cancelling her Working Tax Credit with immediate effect, for the following reasons:

- They considered that she was working less than the required 16 hours per week to qualify for Tax Credits and
- They now didn't consider her business to be commercial

The client has already asked the Tax Credit office to reconsider their decision, on the grounds that she considers both of these reasons to be inaccurate, but they have upheld their original decision.

The client is already in debt as a result of her reduced income, and is becoming increasingly anxious and depressed, to the point where she is finding it difficult to cope with both her work and her responsibilities as a single parent. She also expressed feeling out of her depth in terms of managing her income.

Please outline in a maximum of 1000 words:

- What additional information you might need before you can help this client
- What you would see as the major issues facing this client, and how you would approach resolving them
- The actions you would need to take in order to help the client
- Any actions the client would need to take
- Any specialist referral or signposting to other agencies needed

Project: South Area Council Local Advice Services

Directorate: Communities

Date: 14th February 2017

Description of the Goods and Service

The contracted service will use a range of local venues to provide the full range of advice and information services to local people across the South Area, by offering:

- The full range of Welfare Rights issues, including encouraging the full maximising of in and out of work benefit claims
- Information and advice around the impact of Welfare Reforms, including support and/or representation at appeals and tribunals
- Debt counselling and the agreement of formal financial settlements with creditors
- Issues related to health, employment, education, travel etc.
- Housing related issues, including support to avoid homelessness
- Financial, consumer/utilities and legal issues
- Signposting and referral to other specialist provision, including specialist support, training, employability/job-search, Credit Union & money management

This will require the employment of staff to continue to provide a fully qualified and experienced outreach team to be deployed across the South Area, offering a series of regular 'slots' of face-to-face advice delivered in easily accessible buildings across each ward. Use of these buildings has already been negotiated and will not need to be done by the provider/s,

The provider must deliver **at least one day per week face-to-face service to each ward** within the Area, although this may be altered during the lifetime of the contract in response to evidenced change in local need.

Standard Procurement Documentation – Business

This delivery should comprise at least one half day per week per ward of Welfare Rights advice and at least one half day per week per ward of Advice work. This must include at least one weekly twilight/evening session to enable access to those in full time work, although this can be delivered in one of the wards only.

The service should continue to be offered in the same venues and at the same times as delivered by the existing contract.

In addition to the required services listed above, the South Area Council would welcome the introduction of additional formats for work with clients (for example, webchat, use of social media, using volunteers, check and send methodologies) although this should not be offered as a replacement for the face-to-face service outlined above.

All staff must also be provided with regular specialist supervision, which could be provided either by the employing organisation or 'bought in' by a suitable third party organisation where this is not possible.

Target Groups

Residents of all ages who live within the Darfield, Hoyland Milton, Rockingham and Wombwell wards who require the advice and support offered by this contract.

However, the evidence base suggests that although the service offered will be universal, the following target groups are disproportionately more likely to require the services offered:

- People in low paid and/or part time work who are reliant on in-work benefits
- People with mental and physical health problems and/or disabilities
- Older people who are dependent on a state pension but who often do not claim additional related benefits to which they are entitled
- People whose vulnerability would make it unlikely that they could resolve the issues they face without help

Proposal and Justification for Goods / Service

The initial need for locally based advice and information services was first identified by the South Area Council in 2013, when it became apparent from ward based data showed a huge increase in the demand for borough-wide welfare rights and citizen's advice amongst people living in the South Area. Further investigation showed that this was due to a number of changing factors, including:

- An increase in unemployment and under-employment across the Area leaving larger number of people reliant on particularly in-work benefits
- The migration of clients from Incapacity Benefit to Employment Support Allowance and from Disability Living Allowance to Personal Independence Payments.
- The introduction of the 'Bedroom Tax'

Standard Procurement Documentation – Business

- The move to housing payments made monthly direct to tenants
- The need for those on Housing Benefit (80% of who are in low paid work nationally) to contribute towards their housing and Council Tax costs
- A massive increase in those having their benefits sanctioned

This has led to a number of issues, including:

- A growing number of housing related enquiries around the risk of homelessness.
- A continued growth in clients seeking help with unmanageable levels of debt,
- Increasing numbers of clients with poor money management skills combined with a lack of resources within support organisations to offer support early on to prevent people reaching crisis point
- The unknown impact of the introduction of Universal Credit and a move to all applications for in and out of work benefits (including pension related) to be completed online, as well as the continuing impact of direct housing payments to tenants.

Evidence of issues specifically within the South Area:

These national and borough-wide issues are heavily reflected in the statistics from the existing South Area Council contract delivered by Barnsley Citizen's Advice Bureau and BMBC Welfare Rights Service, which found that in the 2 years from June 2014-16:

- 39 individuals required urgent help in order to keep their homes
- Local people presented with £1,449,000 of debt which they could no longer manage and which required the negotiation of a formal financial settlement
- Local people were supported to £1,581,000 of largely in-work and health related benefits to which they did not know they were entitled
- Over 200 people required help from either the Credit Union or money management support in order to budget more effectively
- Over 700 specialist referrals were required to help with the issues presented by local people, including solicitors, homeless organisations & housing providers, domestic violence support, drug and alcohol support and a range of benefit agencies

Date that Goods / Service Required to be Delivered

The new Advice Services contract will be required from 1st July 2017, to avoid a break in service provision. The current contract is due to end on 30th June 2017. The project currently has two staff; one of whom is seconded from BMBC Welfare Rights who would return to a substantive post in this section if the advice services contract is not recommissioned or there is a break in the service. The other member of staff has been employed by Barnsley Citizens Advice Bureau specifically for this contract and would face redundancy if the service was not recommissioned or there was a break in service. She would be eligible for TUPE to another provider if the current provider was not recommissioned; having been in post for over 2 years.

Budget

The cost of the Advice Services contract is £75,000 per annum (a total of £150,000 for the full 2 year contract) broken down as follows:

- £74,000 per annum (£148,000 over 2 years) for the employment of staff to provide service delivery exclusively to this contract. The staff team employed on this contract must be fully qualified and able to demonstrate skills in advice work and in generic welfare rights advice.
- A figure of £2,000 over 2 years (£1,000 per annum) to cover promotional and venue costs to support the delivery of advice services.
- Costs for venues will not be provided because the appointed provider/s would be required to use previously negotiated community venues offered as in-kind support by BMBC and which are already in use.

Benefits of Proposal

The Advice Services contract offers the following benefits and added value:

- The existing service (on which this adapted commission proposal is heavily based) has been independently assessed in 2016 as having a social value of over £28 for every £1 invested in the cost of the contract. This high value is based on the positive contributions made by local advice services to reducing anxiety, stress, depression; their impacts on physical health and also in the reduction of people becoming homeless as a result of intervention and support. This contributes to the Council's **People Achieving Their Potential** priority through supporting people to become healthier, happier, independent & active.
- This contract provides a highly bespoke and locally delivered service which is heavily evidence driven. This enables the help and support offered to be both targeted to very localised need and offered at venues which are easily accessible to even vulnerable individuals. This contributes to the Council's **Strong and Resilient Communities** priority by helping customers to contact us more easily and through building stronger individuals who are more able to self-help and who will form part of more resilient communities.

- Because this contract provides services which are additional to and complementary to mainstream town centre advice provision, these locally based advice services help to reduce pressure on mainstream services and reduce waiting times for those needing help. This is particularly crucial in dealing with issues like debt, where it is much easier to negotiate help for an individual if the debt is not given too much time to grow. This contributes to the Council's **Strong and Resilient Communities** priority by helping customers to contact us more easily, and to the **People Achieving Their Potential** priority by reducing demand through improving access to early help.
- With town centre based mainstream services moving increasingly towards triage assessments and online/web based support, the local Advice Services contract offers intensive face-to-face drop-in support for vulnerable clients who may struggle with 'lighter touch' help. Monitoring information collected by workers on the existing contract found that around 50% of clients seen would not have been able to fully or partially self-help because they were vulnerable. This contributes to the Council's **People Achieving Their Potential** priority through supporting people to become healthier, happier, independent & active.
- In addition, the work done to promote local advice services with community groups will enable vulnerable groups in most need of help to access these additional services. The current contract has very successfully targeted a range of such groups, including older people, people with disabilities, Food Bank users and those at risk of becoming homeless. This contributes to the **People Achieving Their Potential** priority by reducing demand through improving access to early help.
- The newly adapted tender specification for this contract now includes a requirement to provide practitioner briefing sessions on changes to welfare regulations etc. This will help practitioners from a range of locally based statutory and voluntary organisations to refer and signpost clients most in need more effectively. This contributes to the **People Achieving Their Potential** priority by reducing demand through improving access to early help.

In House Provision /Other Contracts

As described above, both Barnsley Citizens Advice Bureau and BMBC Welfare Rights offer a mainstream town centre service. Both services are increasingly oversubscribed; a problem made more acute by recently agreed reductions in funding. This is being partially managed through increasingly use of triage assessments and a range of online/Check & Send type of support. However, those who are more vulnerable and less able to self-help may have to wait for longer periods of time to get help with needs which may be urgent.

In the light of this, the new contract will offer much needed face-to-face support for the most vulnerable clients, and in addition will require the contracted provider to work alongside existing mainstream services to offer localised delivery which will complement and sensibly align that offered in the town centre.

Recommendation

It is recommended that the South Area Council Advice Services contract is recommissioned using the amended tender specification.
