14 Culture Strategy - Jon Finch (Sac.01.09.2023/4)

Members received a presentation from Jon Finch, Head of Culture and Visitor Economy on the Council's development of a Culture Strategy.

In response to the presentation, the importance of culture to improving residents' lives and offering health and social returns was highlighted by Members. Members raised the point that the borough lacked large-scale performance venues that could attract national level performing arts organisations, while equally complimenting the

medium to small-scale offer that was currently available. Organisations in the area such as Elsecar Heritage Centre, Birdwell Venue, Maurice Dobson Museum and Wombwell Thespians were complimented for their contribution to the culture offer locally.

RESOLVED that the update be noted.

15 Age UK Barnsley - Natalie Stokes (Sac.01.09.2023/5)

Members received a presentation from Natalie Stokes, Business Manager – Age UK Barnsley, reflecting upon the previous 2 years' Barnsley Better Together Service commissioned by South Area Council.

Members discussed the successful relationship between Age UK Barnsley and housing associations, such as Berneslai Homes, in delivering services to residents. The appropriateness of some venues in attracting a representative cohort was additionally discussed.

RESOLVED that the update be noted.

16 Performance Report Q1 (Sac.01.09.2023/6)

The Area Council Manager spoke on the item, referring to the report circulated in the agenda pack.

Members spoke at length on vehicle parking issues across the area and how parking enforcement could tackle these problems. Clarity was given that vehicles obstructing pavements were a Police matter. The scheme of work to tackle problem parking outside schools was discussed, with parking enforcement having been furnished with school start and finish times as a tool to take targeted action. When tackling other specific local parking concerns, Members were informed they would be advised if any targeted action was to take place.

RESOLVED that the report be noted.

17 Procurement and Financial Update (Sac.01.09.2023/7)

Inspiring young people to get cycling and scooting.... And keep cycling and scooting

Grandparent Lynn lives in Birdwell across from the Recreation ground where the RampUp session on 1/9/23 was delivered.

Lynn bought her granddaughter Amelia to the first Birdwell session at the start of the summer holidays.

The inclusive and friendly format of the sessions, and BMX fleet inspired Amelia to buy her own bike to carry on practicing and riding in the park during summer.

Here is a recording of an interview with Lynn and Amelia.

- During the period 01/06/2023 – 30/08/2023 Premier League Kicks delivered sessions in Wombwell, providing sports provision and opportunities to young people with the aim to reduce anti-social behaviour and increase sports participation.
- Engaged 59 young people aged between 8-19yrs, with 45 identifying as Male and 14 identifying as Female.
- Weekly sessions at Netherwood Academy and Wombwell Park. Wombwell Park: 1-hour multi-sport/football coaching and Netherwood Academy: 2 hours for different age groups.

- During the funding period, Reds used social media platforms, Facebook, Instagram, and Twitter to promote along with flyer drops into local primary schools and Netherwood Academy.
- In addition to this they worked closely with local partners and authorities including the Youth Offending Team, local family centre as well as attending a Health and Wellbeing fair at Netherwood Academy on the 26th June.

During sessions it was highlighted that some young people attending were experiencing behaviour issues during school, receiving detentions.

The opportunities have developed confidence, social skills, and other personable traits, “I’ve really enjoyed coming here every week, I’ve made new friends and can speak to people easily”. 84% said they feel more confident around new people and 67% say they are more willing to try new things.

Developed a positive relationship with Netherwood academy with the aim to reduce violence and ASB.

Safer Streets – Wombwell Train Station

Young people and family suggestions for the artwork

Idea for the lettering was 'together we create....', then the words in the leaves/ surrounding could say community, safety, pride, home, neighbourhood, diversity, hope etc.

Recognised the unicorn even the really young ones.

Wombwell Park recognised as a feature and well used and maintained by all, lots of activities take place there.

Picture of the park sign – well known for roly poly hill and the wishing tree – maybe we could add something around that – the tree with leaves could be the wishing tree?

Like the idea of a rainbow in the background representing diversity, another suggestion was hands together.

Wombwell Cemetery has a lot of history to it. Colour suggestions were bright and bold which I think we all agree on.

Feedback

Hoyland Milton and Rockingham Safer Streets Workshops –
Lisa, mum of 2 - “My daughter enjoyed the session today
and came home telling me all about what she’d learnt. I
think it's great she got the chance to learn something new
and become more streetwise.”

Feedback

Wombwell Picnic in the Park – Diane
Local Resident - “ This is how the park
should be, full of children and adults
having fun, lovely to see”

Feedback

Hoyland and Milton Grassroots Activities – Teens in attendance - “When will the next sessions be on? Because we’ve really enjoyed today because it's not just sports like football. We’ll be going to den building tomorrow!”

Feedback

Darfield Teddybears Picnic - Paige Mum of 2
“Absolutely amazing thank you so much, the kids loved it”

Outcomes and impact

- Seven partners worked with including Grassroots, Reds in the Community, Sports Van, Ramp Up, Freedom Personal Safety, Community Rail and South Neighbourhood Policing Team
- Four businesses worked with: A.G. Greengrocer, Tesco, Co-op, B&M.
- 54 sessions took place over the six weeks, 800 attendees engaged with.
Seven larger family fun days.
- Two training opportunities funded through Safer Streets including self-defence.
- Meet Ward Alliance priorities.
- Linked with Corporate priorities (2030).
- Opportunity to test out new providers and ways of working.

Outcomes and impact

- Improved working relationships between internal services such as Public Health, Safer Neighbourhoods, Targeted Youth service, and the Area Teams.
- Young people had the opportunity to learn new skills, receive training, and take part in something different.
- Community Groups had the opportunity to showcase their work, promote their activities and recruit new volunteers.
- Promote the area working and the Ward Alliances.
- Artwork to be installed, which has been designed by local families and young people.

Reflections and learning

- Highlighted that there is a need for additional summer provision, outside of Healthy Activities Funding and paid for summer camps, whereby families and young people can access free to lost cost activities on their doorstep.
- Some areas received higher numbers of attendees than others, meaning that the location may not have been quite right. Unpredictable weather meant that outdoor venues could be hit and miss and some events needed a 'back-up' to ensure that it could still go ahead.
- A pre booking system could be used i.e Eventbrite so sessions can be staggered and providers can anticipate numbers.

Next steps

- Ward Meetings and feedback at Ward Alliance meetings
- Review of provision and priority for future provisions
