Please provide as much information as possible to support the application (please read guidance note 2)

Evidence to support this application centres around the protection of children from harm and the prevention of crime and disorder. Recent history will show that:

On the 20th April 2022, South Yorkshire Police submitted to Barnsley Metropolitan Borough Council an application to review the premise licence at Sugar Club.

On the 18th May 2022, Mr Stockton submitted a minor variation application to Barnsley Council Licensing to include the agreed licensing conditions on the premises licence.

On the 11th June 2022 at 00:45, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that the ID scanner was not working and the violent incident protocol was not displayed whilst the venue was open to the public.

On the 12th June 2022 at 00:02, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that the ID scanner not working whilst the venue was open to the public.

On the 2nd July 2022 at 00:20, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions noting that the ID scanner was not working whilst the venue was open to the public.

On the 9th July 2022 at 00:34, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that there was only one security guard employed when at that time there should have been two.

On the 15th July 2022 at 23:45, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that security staff working at the venue were not equipped or wearing Body Worn Video (BWV) whilst the premise was open to the public.

On the 17th July 2022 at 01:30, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that security staff working at the venue were not equipped or wearing Body Worn Video (BWV) whilst the premise was open to the public.

On the 29th and 30th July 2022, breaches of the conditions on the premise licence were recorded when the venue opened without employing an accredited security company.

On the 3rd August 2022, a breach of the conditions on the premise licence was recorded when officers visited to obtain CCTV and the DPS at the time was unable to supply the required footage claiming that he did not know how to download it.

On the 20th August at 00:10, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that security staff working at the venue were not wearing Body Worn Video (BWV) whilst the premise was open to the public.

On the 2nd September at 23:40, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that the ID scanner not working whilst the premise venue was open to the public. In addition the town link radio that is used to communicate between venues and is linked to the CCTV control room was switched off and not charged.

On the 2nd October at 00:01, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that the ID scanner not initially working whilst the venue was open to the public. In addition neither of the security staff working were wearing BWV.

On the 8th October 2022 at 22:30, a visit was carried out as part of Street Safe and officers recorded a breach of the premise licence conditions, noting that there was only one security guard working at the time of the visit, when from 22:00 there should have been two.

The conditions that were added to the licence following the review application in May 2022 were agreed by all parties in order to try and promote the licensing objectives; protection of children from harm and prevention of crime and disorder. Given that there have been several breaches already of these conditions, which are listed above, it demonstrates that the management and owner of the venue is not promoting the licensing objectives, therefore failing to elevate any of our concerns.

Further information, statements and body worn footage will be submitted at a later date.
