The Place of Possibilities:

Developing an Inclusive Growth Strategy & Action Plan
for the Borough

OVERVIEW AND SCRUTINY TASK AND FINISH GROUP (INCLUSIVE ECONOMY) REPORT RECOMMENDATIONS

- 1: Review the membership of the IEB to strengthen the 'voices' on the IEB and include the 'lived experience' of residents, young people, the voluntary sector and transport sector
- 2: Consult the OSC in the development of the Barnsley Inclusive Economy Strategy / overarching Growth strategy
- 3: Ensure urban development incorporates the needs of all Barnsley villages as well as Town Centre and to Principal Towns.
- 4: Work to ensure a diverse offer in the Town Centre to include retail, hospitality, health and wellbeing, learning and the cultural offer, and address void properties
- 5: Ensure access to good quality careers advice for all
- 6: Work to improve the public perception of jobs in logistics and manufacturing in Barnsley, a number of anchor institutions are large businesses involving manufacturing and logistics.
- 7: Expand communications activity to promote and celebrate the work of the IEB, Enterprising Barnsley and the support provided to local business and build on the comms to ensure opportunities reach all Barnsley communities.

AN EXAMPLE

People

01. Implement skills escalators that bring businesses and education providers together to develop joined up skills and career pathways for our key sectors and to promote local opportunity.

02. Increase green skills and jobs to help more people to upskill and access green jobs that support green business opportunities in our transition to a net zero economy.

03. Expand digital inclusion, ensuring access for all through enhancing digital connectivity, infrastructure, equipment, and skills.

04. Nurture youth aspiration in our targeted communities to be aware of local career opportunities, providing greater information and inspiration.

Place

05. Build stronger communities through targeted regeneration efforts that improve the quality and sustainability of our urban and rural communities and deliver for our most deprived neighbourhoods.

06. Improve transport access to job opportunities with increased public and active travel links, increasing connectivity to break down key barriers that our communities face.

07. Support sustainable food and agriculture, and increase natural capital, through land management that enhances viability, cuts carbon emissions, increases flood resilience, access to local food and greenspace.

08 Create a long-term plan for housing retrofit that works in partnership to decarbonise our housing stock to help tackle the climate emergency and reduce fuel poverty.

Enterprise

09. Promote good employment and business best practice and other anchor institutions and their supply chains, including paying the real living wage, supports health and wellbeing of workers, developing inclusive recruitment practices and drives innovation and productivity aligned to decarbonisation, and drives innovation, decarbonisation, and productivity.

10. Establish an Anchor Network of the key public and private institutions, service providers and employers that hold power to transform the inclusivity of our Borough.

11. Strengthen local supply chains and social value to capture greater social value from Council procurement and other anchor institution supply chains.

12. Provide start-up and social enterprise support that supports more enterprises to start, survive, and develop, including social and community enterprises and alternative business models
