### 4 **DIAL Presentation (Pac.6.6.2024/4)**

Sharon Brown attended the Area Council to update members on the work being undertaken by DIAL.

Members were provided with details of the types of enquiries that DIAL had dealt with, with the majority of requests made being for help with Personal Independent Payments followed by Attendance Allowance. Support was also provided to clients for appeals if they are turned down for these benefits. There was a 70% success rate for benefit claims which included appeals.

Members were informed of the added value that the contract provided over and above what the Penistone Area Council funded, some of which included:

- A central advice line funded from the Lottery
- Pants to Poverty
- Warm Connections
- Sleep Warm, Sleep Well
- Small Measures

Members were talked through the customer's journey from first contact to final outcomes. Some of the challenges the service had including the increase in demand leading to longer waiting times for appointments. There was also a need for more experienced Advisors and non-attendance at appointments was an issue in some areas of the Borough, members were informed that Penistone did not have a particular issue with non-attendance.

Members queried what would help with the wait time for appointments, in response they were informed that another session a week would help with this issue.

Members were informed that a new Adviser had been recruited and they were going through the shadowing phase of being trained. It was acknowledged that training an Adviser was complex as they had to have a wealth of knowledge including different aspects of case law, disability rights and human rights plus others.

**RESOLVED** that Sharon Brown be thanked for their comprehensive presentation and that the update be noted.

*At this point in proceedings the Area Council adjourned in order for members to attend the D-Day 80<sup>th</sup> Anniversary Commemoration held at Penistone War Memorial.*
