

Report of the Head of Corporate Assurance

AUDIT AND GOVERNANCE COMMITTEE – 24th JULY 2024

CORPORATE ASSURANCE (INTERNAL AUDIT) PROGRESS REPORT 2024/25

1 Purpose of this report

- 1.1 The purpose of this report is to provide a summary of the Assurance activity completed, and the key issues arising from it, for the period from 1st April to 30th June 2024.

2 Background information

- 2.1 The Audit and Governance Committee has responsibility for reviewing the adequacy of the Council's corporate governance arrangements, including matters such as internal control and risk management. The reports issued by the Corporate Assurance Team are a key source of assurance providing the Committee with some evidence that the internal control environment is operating as intended.
- 2.2 At the end of the financial year, the Head of Corporate Assurance will produce an Annual Report, which will provide the overall opinion on the adequacy of the Council's control environment and compliance with it during the year.

3 Recommendations

- 3.1 **It is recommended that the Audit and Governance Committee considers the assurances it needs on the effectiveness of the Authority's internal control, risk and governance arrangements through the work of the Corporate Assurance Team by:-**
- i. considering the issues arising from completed assurance work in the period along with the responses received from management;**
 - ii. noting the assurance opinion on the adequacy and effectiveness of the Authority's internal control framework based on the work in the period;**
 - iii. noting the progress against the plan for 2024/25 in the period.**

4 Local Area Implications

- 4.1 There are no Local Area Implications arising from this report.

5 Consultations

- 5.1 All assurance reports are discussed and agreed with the Client Sponsor and Designated Operational Lead. Individual assurance reports are provided to the appropriate Executive Director and/or Service Director to apprise him/her of key issues raised and remedial actions agreed.

5.2 No specific consultation has been necessary in the preparation of this quarterly report.

6 Compatibility with European Convention on Human Rights

6.1 In the conduct of assurance work and investigations particularly, the Corporate Assurance Team operates under the provisions of the Data Protection Act 2018, the Regulation of Investigatory Powers Act 2000 and the Police and Criminal Evidence Act.

7 Reduction of Crime and Disorder

7.1 An inherent aspect of assurance work is to prevent, detect and investigate incidents of fraud, theft and corruption. The control issues arising from investigations have been considered to ensure improvements in overall controls are made. Additionally, the Corporate Assurance Team ensures that in specific instances, management takes appropriate action to minimise the risks of fraud and corruption re-occurring.

8 Risk Management Considerations

8.1 The underlying purpose of the work of the Corporate Assurance Team is to address and advise on key risks facing management and, as such, risk issues are inherent in the body of the report.

8.2 The Service's own risk register includes the following risks which are relevant to this report:

- Ensure ongoing compliance with public sector internal audit standards and professional development.
- Sustainability and Security of External Contract and Clients.
- Threat of fraud against the Council.

8.3 All of these risks have been assessed and remain within the tolerance of the Service.

8.4 An essential element of the control (and on-going) management of these risks is the provision of update reports to the Audit & Governance Committee and the assurance this provides.

9 Employee Implications

9.1 There are no employee implications arising from this report.

10 Financial Implications

10.1 There are no financial implications arising directly from this report. The costs of the function are included within the Authority's base budget.

11 Appendices

Appendix 1 - Key To Assurance Gradings & Classification of Management Actions.

12 Background Papers

Follow-up of Corporate Assurance report agreed management actions

As previously reported to the Committee, the Corporate Assurance Team is working closely with management to monitor the general position with regards the implementation of management actions and to establish the reasons behind any delays. The Corporate Assurance Team continues to issue a detailed monthly status update to Service Directors and to Executive Directors on a quarterly basis. This is in addition to the performance reports currently presented to SMT.

The following table shows the status of agreed management actions by Directorate where the original target implementation date was due for completion during the period:

Corporate Assurance performance indicators for Quarter 1 - 2024/25

Performance against a number of indicators is summarised below.

Ref.	Indicator	Frequency of Report	Target 2024/25	This Period (Q1)	Year to Date
1.	<u>Customer Perspective:</u>				
1.1	Percentage of questionnaires received noted “good” or “very good” relating to work concluding with an assurance report.	Quarterly	95%	100%	100%
2.	<u>Business Process Perspective:</u>				
2.1	Percentage of final assurance reports issued within 10 working days of completion and agreement of the draft assurance report.	Quarterly	80%	N/A	N/A
2.2	Percentage of chargeable time against total available.	Quarterly	68%	58%	58%
2.3	Average number of days lost through sickness per FTE	Quarterly	6 days	0.5 days	0.5 days
3.	<u>Continuous Improvement Perspective:</u>

4.	<u>Financial Perspective:</u>				
4.1	Total costs v budget.	Quarterly	Within Budget	Within Budget	Within Budget

* The chargeable time indicator to date has been impacted upon by the profile of annual and statutory leave, and also the off the job hours required for 4 team members as part of their apprenticeship (will be completed before end of calendar year), which will level out this performance indicator throughout the year.

Head of Corporate Assurance’s Internal Control Assurance Opinion

The Head of Corporate Assurance must deliver an annual ‘internal audit’ opinion and report that can be used by the organisation to inform its Annual Governance Statement. The annual ‘internal audit’ opinion must conclude on the overall adequacy and effectiveness of the organisation’s framework of governance, risk management and control.

Based on the assurance work reported in the period, an overall **reasonable** assurance opinion is considered to be appropriate.

A summary of our quarterly opinions for the year to date is as follows:

	Quarter 1	Quarter 2	Quarter 3	Quarter 4
Assurance Opinion	Reasonable			

Consideration of our overall opinion takes the following into account:

- results from the substantive assurance assignments we have completed during the period;
- outcomes from our assurance work not producing an assurance opinion;
- an assessment as to the timely implementation of agreed management actions.

KEY TO ASSURANCE GRADINGS AND CLASSIFICATION OF MANAGEMENT ACTIONS

1. Classification of Management Actions

High	Requires immediate action – imperative to ensuring the objectives of the system under review are met.
Medium	Requiring action necessary to avoid exposure to a significant risk to the achievement of the objectives of the system under review.
Low	Action is advised to enhance control or improve operational efficiency.

2. Assurance Opinions

	Level	Control Adequacy	Control Application
POSITIVE OPINIONS	Substantial	Robust framework of controls exist that are likely to ensure that objectives will be achieved.	Controls are applied continuously or with only minor lapses.
	Reasonable	Sufficient framework of key controls exist that are likely to result in objectives being achieved, but the control framework could be stronger.	Controls are applied but with some lapses.
NEGATIVE OPINIONS	Limited	Risk exists of objectives not being achieved due to the absence of key controls in the system.	Significant breakdown in the application of key controls.
	No	Significant risk exists of objectives not being achieved due to the absence of controls in the system.	Fundamental breakdown in the application of all or most controls.
