	<p>of Safeguarding Awareness Week.</p> <p>ACTION: Public Meeting to be an Agenda item for discussion at the next meeting</p>
3.	Safer Barnsley Plan Refresh 2018-19
	<p>Jayne Hellowell confirmed that the Safer Barnsley Plan had been compiled using MoRILE data and agreed through the Performance & Delivery Group. Agreed priorities were outlined with themes falling into delivery groups that report into this Board. As a result of the annual JSIA it is necessary to refresh the plan.</p> <p>Slight changes have been made to governance arrangements with the ASB and Crime Sub Groups now operating separately. These two groups plus the Protecting Vulnerable People and Promoting Community Tolerance & Respect feed into the Performance & Delivery Group and into this Board.</p> <p>The Barnsley Plan is written for 2016 -2020 but JSIA is annual. An annual Barnsley Plan is now proposed and the JSIA intelligence will be planned from February 2018.</p> <p>MoRILE data is only one source so need to get information from other databases and adopt a more comprehensive approach to intelligence gathering.</p> <p>Timescale :</p> <ul style="list-style-type: none"> • First draft by 22 December 2017 • Consultation between 2 – 22 January 2018 • Present to SBPB on 29 January 2018 <p>and finalisation before the end of the financial year.</p> <p>Recommendation:</p> <ul style="list-style-type: none"> • Members endorse the findings of the JSIA and the refresh of the Plan • Members agree to an annual plan to be re-dated and scheduled alongside the JSIA. <p>Both recommendations were agreed and accepted by members.</p>
4.	Inter-Partnership Joint Working Protocol
	<p>The inter-partnership joint working protocol is necessary to confirm principles and ways of working around SBP, SCB, SAB and SCB. Chairs met and a draft protocol was drawn up, circulated and considered at the Trust Executive Board and Safeguarding Boards. Bob Dyson (Chair of Safeguarding Boards) was concerned that TEB was not included. This document will travel through the Boards in the first part of 2018.</p>
5.	CSE/Safeguarding Update
	<p>Joanne Bates, Detective Chief Inspector attended the meeting to provide the Board with an overview of the current issues associated with CSE in Barnsley.</p>

	<p>This was an operational update to cover the key themes of victims, offenders and locations in Barnsley. The Strategic Profile presented covered all child abuse, including CSE, over last 3 years.</p> <p>Key points highlighted from the Strategic Profile were as follows:</p> <ul style="list-style-type: none"> • there is confidence in reporting and awareness and pathways are in place. It was noted that cases tend to be current rather than historic which is a positive reflection of pathways for reporting working. • there was concern expressed for some of the hot spot areas identified and it was agreed that there needed to be a more in-depth understanding of the issues being reported in these localities. • the large number of 'paedophile hunter' incidents was also noted and it was explained that one of the most active groups is based locally to Barnsley which explains the high number of incidents. • issues associated with 'Missing from Home' were also noted and it was explained that Barnsley has the highest number of children's homes in the county and takes children out of area. • opportunities for continued staff training to ensure an integrated front door were also acknowledged as an area for further exploration. <ul style="list-style-type: none"> - relationships are good regarding stakeholder engagement in respect of child abuse with all partners keen to engage. • the CSE Action Plan is complete and constantly being refreshed. <p>The Chair confirmed that recommendations from the report will sit with the CSA Sub Group, and thanked Jo for her presentation.</p> <p>ACTION: Further updates to be scheduled into the forward plan.</p>
<p>6.</p>	<p>CRC Demand Overview</p> <p>Maryke Turvey gave a presentation re Reducing Re-offending on behalf of Amanda Cullen, Director of SYCRC who was unable to attend.</p> <p>Ministry of Justice published reducing re-offending data in October 2017 which is the first publication since 2014. Rates are compared to 2011 data for the benchmark.</p> <p>Worried at high rates of re-offending in SYCRC and looking at a joint plan with the police to target specific groups.</p> <p>Data will come out every 3 months and includes all cases that go to court.</p> <ul style="list-style-type: none"> • Focus group work is being done with YOT for young people under 25 yrs. • More detailed understanding is needed about individuals in respect of re-offending. Need to work together and understand the local picture and learn from IOM arrangements. • More detailed data will become available from work with live cohorts and the police. • National Probation Data – Can only get data for Region not specifically for Barnsley.

	<ul style="list-style-type: none"> • The data will be useful to the JSIA data • CRC resources are going into the Hub. Out to recruit at the moment to start in the spring. Acknowledged the good work done by the Hub. <p>ACTION: Maryke to send the presentation through for circulation. To note re future JSIA.</p>
7.	Night-Time Self-Assessment Update
	<p>Diane Lee gave a verbal update.</p> <p>Significant progress has been made in the introduction of nightlife marshals as early preventative people in the town centre, every Saturday night between 8pm and 4am. This is proving to be a valuable asset for the town. Following the debrief on Monday information will be circulated.</p> <p>‘Best Bar None’ has been launched across the town centre with assessments and prizes. Scott Green and Wendy Lowder will sit on the panel at the awards night in June.</p> <p>Positive changes :</p> <ul style="list-style-type: none"> • Mandela Gardens are spotless • Door staff are smart and age checking is taking place • Taxi queues are regularly managed • Regular police patrols take place • NightLife work with Street Pastors. <p>Issues :</p> <ul style="list-style-type: none"> • Begging • Litter - part cigarette ends • Glass – empty bottles in doorway entrances and on top of bins • Wellington St – look at ‘Proud of my Street’ • Urinating in the street and fire-lighting <p>‘High strength low cost’ – trying to get alcohol shops to sign up to this.</p> <p>The Chair asked whether they had received any briefing from the police and Diane confirmed they had been told they could attend the police evening briefing and they are keen to work with them. The Chair suggested street briefings to be visible. There are police van patrols but no police seen on foot.</p> <p>‘Best bar awards’ – should try to get Barnsley Chronicle and media involved to maximise impact on trade and generate further interest.</p> <ul style="list-style-type: none"> • There is a lot of litter from Greggs who have their own door staff. • Cigarettes and glasses – some venues • Funky Buddha were not collecting glasses and tables were overturned. <p>About pride in keeping the town centre tidy. Look at naming and shaming. If tables outside are not cleared then perhaps bars should not be allowed to have tables outside.</p>

	<p>Suggested awareness raising around begging. Display posters in pubs and raise awareness that beggars come into town on a weekend to earn money and are not genuinely homeless. Alliance Review Group could establish a town centre approach to make resources work better and bring resources together before Christmas.</p>
8.	Performance & Delivery Exception Report
	<ul style="list-style-type: none"> • Progress has been made and will be finalised by next meeting. • Working with 4 delivery leads to identify top 10 measures for each delivery group. • Governance arrangements will be re-drafted by next meeting. • Brief overview and escalation risks sent to each Board. <p>Any feedback welcomed before finalisation.</p> <p>The Chair pointed out that the Burglary residential figures will be high due to the high number of sheds broken into which are included in these figures.</p> <p>ASB has reduced significantly with a 30% reduction in low level violence recorded.</p> <p>It was noted that more DVPNs are authorised in Barnsley than in other towns in South Yorks. It was agreed these should be monitored and cases will be pushed back to officers to confirm these cases should be prosecutions.</p>
