### 37. Minutes of the Previous Meeting of Central Area Council held on 12th March, 2018 (Cen.14.05.2018/2)

The meeting received the minutes from the previous meeting of Central Area Council held on 12<sup>th</sup> March, 2018.

**RESOLVED** that the minutes of the Central Area Council held on 12<sup>th</sup> March, 2018 be approved as a true and correct record.

### 38. Area Profile Presentation (Cen.14.05.2018/3)

Liz Pitt, Business Intelligence Advisor was welcomed to the meeting to give a presentation of available data relating to the Central Area.

The presentation covered demographic trends in the area; deprivation; skills, training and employment; poverty; and health and wellbeing.

With regards to the changing ethnicity in the area, it was noted that for adults the only available information was the 2011 census, and therefore children registered in school with English as an additional language was suggested as a proxy.

It was suggested that trend data could be provided, which could help to show whether the ethnicity in the area was changing.

When considering Experian data, Members noted the high proportions of residents in the groups 'transient renters' and 'vintage value'.

Members noted the higher than Barnsley and National average figures for Free School Meals, and questioned why proportions for Education and Health Care Plans were relatively high for primary school pupils when compared to secondary. It was thought that there could be secondary pupils waiting for assessment, and that the process for assessment in primary school may be better than in previous years.

Attention was drawn to the trends in attainment from early years foundation stage through to key stage 4 and those Not In Education, Employment or Training (NEET) post 16.

The meeting considered the numbers of residents out of work in the area, with the proportion being higher than Barnsley and nationally. Within the area there were significant variations between wards for child and fuel poverty. It was thought that poverty was increasing in the area and therefore work had been arranged to improve the dataset.

Health statistics were discussed, including risk factors causing premature deaths, with smoking, high blood pressure and high cholesterol being the three greatest factors.

Other health information, including excess winter deaths, and mortality rates from cancer, respiratory disease, and cardiovascular diseases were considered. It was again noted that there were significant variances between wards.

With regards to loneliness, data relating to 'hot spots' identified by Age UK was discussed, as were the numbers of men 25-49 living alone

A number of comments were made in relation to the data, which often had time lags and was therefore not up to date, however it was noted that this was the most recent available.

**RESOLVED** That thanks be given for the presentation.

### **39. Procurement and Financial Update (Cen.14.05.2018/4)**

The item was introduced by the Area Council Manager, who referred to the previous item. Members were asked to consider the priorities of the Area Council, and whether these remained valid in light of additional data and local intelligence. Members confirmed that the existing priorities would remain for 2018/19.

In relation to issues of loneliness in men, recent feedback from My Best Life had suggested that this had been identified as an emerging issue. A suggestion was made to invite My Best Life to a future meeting of the Area Council to discuss this and other emerging issues in more detail.

Members discussed other issues within the area, including issues with cohesion, and residents being less tolerant. It was noted that the Area Council had recently agreed a Service Level Agreement (SLA), which would support new tenants and hopefully assist with this issue. In addition a suggestion was made to undertake an exercise with Berneslai Homes, the scope of which could consider issues such as these.

The Area Council Manager provided an update in relation to the SLA to support new tenants, and shift allowance had now been removed from the post, which would reduce the cost correspondingly. The post had been advertised with a closing date of 25<sup>th</sup> May for applications.

Members questioned whether this would duplicate existing work, but assurances were given that detailed discussions had taken place with services already in operation to ensure that work was complementary.

The attention of Members was then drawn to appendix 2, and the outcome of work undertaken by the Central Area Fly-tipping working group, and subsequent discussions with the Safer Neighbourhood Services and Neighbourhood Services in order to address the issue of household fly-tipping in the area. A proposal was submitted to create a service to focus on the enforcement of household fly tipping, and education at an individual and neighbourhood level. This would focus on 'hot spot' areas and be overseen by a steering group comprising of Central Area Council Members, and representatives from the Central Area Team, Safer Neighbourhood Service, and Neighbourhood Services.

Issues such as the under-reporting of fly tipping were discussed. It was suggested that further development of reporting mechanisms and the areas to be targeted could be undertaken through a workshop, and brought back to a future meeting of the Area Council.

In relation to the family support priority, the Area Council Manager referred to discussions with the Family Centre staff, Public Health Specialist Midwife and the Healthy Child Programme Lead. Here the issue of low level mental health, or emotional wellbeing, of new parents had been highlighted. It was suggested that this could significantly impact on effective parenting, and the individuals concerned were unlikely to engage with work happening in Family Centres or be involved with a family support worker.

It was suggested that this would build on the work of the service provided by Homestart, and that early intervention in this area could lead to better outcomes for the family, and could avoid more costly and more intensive intervention later on.

The attention of Members was drawn to the financial position of the Area Council. A remaining balance of £126,619 had been carried forward into 2018/19 to give a total opening balance of £626,919. Of this £469,393 had been committed with £157,225 to allocate. However a number of areas of expenditure were anticipated, and should these come to fruition then £84,825 would remain.

**RESOLVED:-**

- (i) That the current priorities and underlying principles for Central Area Council be confirmed for 2018/19;
- (ii) That My Best Life be invited to a future meeting of the Area Council to provide an update on their work to date in the area and to highlight any emerging issues or challenges;
- (iii) That the update on all current contracts, contract extensions and associated timescales, including the revised costings for the Service Level Agreement to provide a service focused on new tenants in the low cost private rented sector, be noted;
- (iv) That the proposal to develop a new Targeted Household Fly-tipping Enforcement and Education Service Level Agreement, with an indicative cost of £64,000 over two years be supported, subject to further development with Members, with a workshop to be convened to finalise details;
- (v) That the proposal to provide a home based and community follow-on peri-natal intervention to support emotional wellbeing be supported, and a working group be convened to develop a service specification and procurement strategy for this service;

- (vi) That the financial position for 2017/8 and the projected expenditure for 2018/19-2020/21 be noted.

**40. Quarter 4 Performance Management Report (Cen.14.05.2018/5)**

The Area Council Manager drew the attention of Members to the report circulated. The performance against all contracts was satisfactory. It was noted that patrolling hours for the contract with Kingdom Security were at 93%, and the number of Fixed Penalty Notices issued had reduced. It was thought that this was due to staff changes.

**RESOLVED** that the report be received.

**41. Consideration of Boroughwide Services Delivered Locally - Update (Cen.14.05.2018/6)**

Members were referred to the report as circulated, and the details of the work previously undertaken as set out in the table at 3.4 of the report was noted.

Discussion then turned to the future programme of work, with suggestions that Neighbourhood Services be revisited around September, 2019 once restructure had been fully operational for six months. In addition it was suggested that the Family Centre/ Family Support Service be reconsidered in October 2018, and the Safer Neighbourhood Service in September, 2018.

Members agreed that consideration of Berneslai Homes services would be pertinent, but that the scope of the exercise needed to be well defined to be most productive. It was therefore suggested that Members forward their suggestions to the Area Chair or Area Council Manager, and if these provided no real consensus then a workshop be convened to discuss the scope between Central Area Council Members.

**RESOLVED:-**

- (i) That the update on current exercises to consider boroughwide services delivered locally be noted;
- (ii) That the future programme of exercises be supported;
- (iii) That Members forward their thoughts on the scope of the exercise with Berneslai Homes to the Area Chair or Area Council Manager.
