Within this context reference was also made to the arrangements for referring patients from GP's to hospital and specialists, to the provision of Primary Care services and to the proposed changes in NHS provision within Barnsley. It was noted that Councillor Clements had raised similar concerns within the Council meeting this morning. It was felt that these issues should be kept under review.

## 10 North East Area Council Project Performance Report

The Area Council Manager introduced this item and provided Members with a detailed update report regarding performance of the North East Area Council's commissioned projects together with a summary performance management report and individual cases for each service. Key points to note included:

- The newly appointed Community Development Worker had started work with the Council and had settled in well
- Thanks were extended to Barnsley Community Build who had repaired the vandalised roof of the Royston Bandstand at short notice four days before the Gala
- *Environmental and Enforcement commission*
  - details of the number of fixed Penalty Notices was provided. Officers continued to concentrate their patrols around intelligence led information from the tasking process and also from complaints on the street, from the community at large.
  - There had been an increase in specific witness information in relation to the throwing of litter from vehicles
  - Prosecutions for littering and dog fouling were continuing and there was currently a 99% success rate at court, however, it was not possible to pursue all offenders who failed to pay due to court space allocated to Barnsley offenders and this was a growing problem. It was pleasing to note that the FPN for littering had increased to £100 from April, 2018
  - In response to specific questioning, the Area Council Manager stated that if 'hot spots' were identified these areas would be targeted and Case Study 1 gave details of one such initiative. Such initiatives often acted as a deterrent and prevented a recurrence of the problems identified leading to a behaviour change in the area targeted
  - Walkabouts were continuing to be successful
  - Juvenile 'Litter Picking days' had been undertaken and the Community Litter pick on the 21<sup>st</sup> July at Acorn Park, Grimethorpe had been attended by 24 juveniles
- *Stop Smoking Initiative*
  - The Initiative had been launched on the 16<sup>th</sup> July, 2018 and weekly sessions were being held at various venues around the area
  - Numbers attending were continuing to increase and Sarah Sverdloff was becoming known within the community and feedback was extremely positive
  - The funding was for one year only and, therefore, the initiative was being monitored carefully
  - Posters advertising the service were to be distributed

- *Case Studies* – gave details of the Environmental Enforcement, Royston Canal Club, Dominic Jones and Work Experience, Interschool Crown Green Bowling and Private Sector Housing
  - It was pleasing to note that the Royston Canal Club had funding for the purchase of a new boat
  - Dominic Jones had been chosen to be the South Yorkshire Scout representative in America at the South Yorkshire World Scout Jamboree. This was a tremendous achievement and Dominic was raising funds to help pay for the trip. He had also been selected onto the National Youth Select Committee 2018 that would investigate the issue of work experience nationally. He was one of only 11 members to get seats on the committee for his role as a Member of the Youth Parliament and had spoken positively about his experience in Barnsley
  - The Interschool Crown Green Bowling Club had been a tremendous success. The work undertaken by Gemma Conway with schools, the organisation of the gala, visits to the canal and the introduction of children to fishing was particularly noted
  - Members were pleased to note the work undertaken with private landlords which was now encouraging greater two way dialogue between landlord and tenant

**RESOLVED** that the update report be noted.

## **11 Report on the Use of Area Council Budgets and Ward Alliance Funds**

The Area Council Manager introduced this item and updated Members regarding the North East Area Council budget and the progress in each ward in expending the Ward Alliance Fund, in line with priorities. It also highlighted that £16,191 of the Area Council budget remained uncommitted.

The Area Council Manager was to re-examine the finances in the light of future commissioning activity. Overall, however, the budget was likely to be fully committed.

In relation to Ward Alliance budgets, it was noted that approximately 50% of the available. The spending profile to January was likely to determine the spending commitments for 2019/20.

### **RESOLVED**

- (i) That the current position of the Area Council Devolved Ward Budget and Ward Alliance Funds be noted; and
- (ii) That each Ward continue to priorities the efficient expenditure of the Ward Alliance funds in line with the guidance on spend.

## **12 Update Reports**

### **(a) Environmental Enforcement**

The Area Council Manager reported that the current Environmental Enforcement Commission would end in March, 2019. A decision had, therefore, to be made as to

whether or not to renew the contract. Given that this was a jointly commissioned project with other Area Councils and that the decision would probably have to be made in September it was suggested that a small Environmental Steering Group be established to make the appropriate decision and report back to this Area Council.

Members noted the success of this project and felt that this or some other type of enforcement initiative/programme should continue in the future.

**RESOLVED** that the Mayor and Councillors Hayward, Makinson and C Wraith MBE form an Environment Steering Group with representatives of other Area Councils to discuss and approve, if required, the continuation of this programme subject to a further report being submitted to the next meeting of the Area Council for ratification.

(b) Superfast Broadband in Royston

It was noted that the Area Council Manager had provided an email response to the Member raising the query about the current position on the provision of Superfast Broadband in Royston.

(c) Principal Towns Briefings

The Area Council Manager reported that she would provide Members with an update on the dates of Principal Towns Briefings.

(d) Be Cancer Safe

Information leaflets on this would be circulated once received.
