Officer Decision Record Template

Record of Decision of Kevin Glover, Strategic Manager -Transport taken in consultation with Paul Castle, Service Director - Environment and Transport.

Subject

BMBC have used telematics systems as an established way to maximize operational efficiency for large fleets of vehicles. Telematics systems are now an integral part of delivering cost savings linked to Future Council and the Transport Review. Currently BMBC manages c 400 vehicles with fitted telematics equipment, including general purpose and specialist vehicles. The fleet comprises: cars, vans (LCVs), grounds maintenance equipment, gritter vehicles, and other specialist vehicles. BMBC are now out of contract and looking to create a new telematics contract for our current and future fleet.

The total value of this contract is £85,000 per annum.

The contract is expected to run for 3 years with an option to extend for up to a further 2 x 1 year periods; subject to demand, satisfactory performance and future commissioning intentions

Authority

The Tender event was authorised by the Director of Environment and Transport, Paul Castle.
