

**Health & Wellbeing Board
4th December 2018**

Public Questions

The following question has been received from Councillor Malcolm Clements:

In the light of a series of adverse CQC inspection reports, which question whether the Barnsley Healthcare Federation is a fit and proper organisation to provide healthcare to Barnsley residents, will the Board request reports on the effectiveness of the Federation in delivering against Health & Wellbeing Strategy priorities?

Lesley Smith, Barnsley CCG Chief Officer, will respond orally at the meeting.
