

Officer Decision Record - AMPARO

Subject

Barnsley Council has commissioned AMPARO to deliver a Suicide Bereavement Service from the 31st December 2018 - to 31st December 2019. As the contract is due to end, Barnsley MBC has been working with neighbouring local authorities through the South Yorkshire & Bassetlaw Integrated Care System (ICS) to look at economies of scale and collaboratively commission the service going forwards as a 1 year pilot. After this point we will have some evaluation and clarity from NHS England regarding future funding. Therefore the service will continue but there will be 1 central contract which will sit within Rotherham CCG.

Authority
