

## BARNSELY METROPOLITAN BOROUGH COUNCIL (BMBC)

This matter is not a Key Decision within the Council's definition and has not been included in the relevant Forward Plan.

### REPORT OF THE EXECUTIVE DIRECTOR CORE SERVICES TO CABINET ON 8 SEPTEMBER 2021

#### PROPOSED SCRUTINY WORK PROGRAMME FOR THE 2021/22 MUNICIPAL YEAR

##### 1. Purpose of Report

- 1.1 To outline the proposed work programme for 2021/22 for the Overview and Scrutiny Committee (OSC) and its 3 Task and Finish Groups (TFGs).

##### 2. Recommendations

- 2.1 **That Cabinet note the proposed Scrutiny Work Programme for 2021/22 as outlined in section 5 of this report, whilst acknowledging that this is subject to change should any urgent issues arise.**

##### 3. Introduction

- 3.1 Scrutiny was introduced in the Local Government Act 2000 (following the abolition of the old committee structure) as a means to hold the new council cabinets to account for its decisions. Since then, subsequent acts of parliament have bolstered Scrutiny by extending its remit (and its statutory responsibilities) beyond the council to the work of partner organisations as well. Much of this legislation was consolidated in the Localism Act 2011. This includes Overview and Scrutiny having a specific role in exercising the Authority's powers in relation to the scrutiny of health services and the crime and disorder partnership in the Borough.
- 3.2 The need for sound effective decision making is critical, especially as we continue to respond and recover from the global COVID-19 pandemic which has had and will continue to have a profound impact on individuals, communities and services. Elected members who sit on Barnsley's scrutiny committee have a vital role to play as 'scrutineers', providing a valid mechanism of challenge to performance, monitoring decision making and to ensure value for money is delivered.
- 3.3 Barnsley Council's scrutiny arrangements continue to incorporate an OSC of 34 Councillors plus a Parent Governor Co-optee. The OSC meets formally 12 times per year in total; 3 of these meetings are in plenary mode to which all 34 committee members attend. For the remaining 9 meetings, committee members allocate time to 3 workstreams which each meet 3 times per year consisting of 12 Elected Members; however, all committee members usually have an open invitation to attend all workstreams.
- 3.4 Due to the changes to the Council Plan (Cab.24.3.21/9) and associated priorities, the titles of the three OSC workstreams have been amended to reflect the following priorities:
- Sustainable Barnsley

- Growing Barnsley
- Healthy Barnsley

- 3.5 The Full Committee will ensure responsibility for key strategic issues is shared across Members, such as overall performance/inspections of both the Council and partner agencies, substantial NHS changes and consultations, challenging the safeguarding of our most vulnerable, incorporating the Children’s Social Care Performance Reports as part of a private member briefing. These full committee meetings will also incorporate the ‘Learning Barnsley’ priority given that the full committee annually considers education attainment across the borough. As the ‘Enabling Barnsley’ theme cuts across all priorities, topics for this area could be covered by any of the workstreams or full committee. The OSC will also maintain 3 Member-led TFGs to carry out in-depth investigations.
- 3.6 The OSC and its TFGs are responsible for not only holding the Council to account but also for scrutinising the performance of both the Council and its partners and whether they are delivering the intended outcomes or not. In relation to safeguarding business, this will be undertaken by committee members in plenary sessions. Safeguarding considerations will be a feature of all workstreams as appropriate to ensure services are protecting the most vulnerable, particularly the ‘Healthy Barnsley Workstream’ to ensure they are achieving the outcome that ‘people are safe and feel safe’.
- 3.7 Area Councils can also undertake local investigations and invite internal and external services to discuss any concerns. The Area Councils can also feed any areas of concern and recommendations to the OSC and its TFGs. The OSC Chair meets with the Area Council Chairs periodically to liaise regarding topics on the OSC work programme and ensure any relevant concerns are raised.

#### **4. Consideration of Alternative Approaches**

- 4.1 The topics proposed in section 5 of this report are a reflection of input into the work programme from a variety of sources and stakeholders to identify the key issues requiring scrutiny during the 2021/22 municipal year. It is important to note however that the programme may be updated on an ongoing basis. This continues to be the case, especially given the ongoing uncertainty regarding the global recovery from the COVID-19 pandemic and that a number of issues may require consideration at urgent and short notice.

#### **5. Proposal and Justification**

- 5.1 It is important that the Scrutiny work programme is developed to ensure effective scrutiny of local services to help improve outcomes for our communities. Forward planning is undertaken to identify key issues which require scrutiny during each municipal year, as well as allowing for the work programme to be reactive and evolve should issues require scrutiny at short-notice. Therefore it is important to note that the proposals below remain subject to change and each suggested investigation will need to be scoped in more detail.
- 5.2 The table below shows the proposed work programme for the OSC and notes when the Council’s quarterly performance reports will be available throughout the year should they highlight any issues requiring further investigation:

5.3 The table below shows the proposed topics for the Task & Finish Groups:

<b>TFG</b>	<b>Topics</b>
TFG 1	Gambling
TFG 2	Dementia
TFG 3	Environment (The Climate Change Declaration & Zero 40/45 ambitions)

5.4 To advise the OSC and its TFGs with their investigations, as per Cabinet agreement (Cab.27.7.16/6), on occasion 'Expert Participants' have been invited to contribute to meetings. This is to be able to both advise Members as well as ask questions of their own to witnesses in relation to topics where they have particular expertise, either by profession or service user experience. The committee therefore plans to continue this practice as appropriate on an ongoing basis.

5.5 In accordance with legislation and the provision for Local Authorities to form Joint Health Overview and Scrutiny Committees with other Councils to respond to substantial reconfiguration proposals covering more than one council area, the OSC Chair will continue to participate in these as appropriate. These meetings can be convened over varying geographical areas as well as over varying timescales as is deemed appropriate for the matters being considered.

## **6. Implications for Local People / Service Users**

6.1 By undertaking scrutiny of the topics in the work programme, this will contribute to the continued improvement of services for local people / service users.

## **7. Financial Implications**

7.1 There are no specific financial implications arising from this report, however recommendations could be made by the OSC/TFGs as part of their investigations which would require assessment of financial implications by the appropriate services responding which may be the Council or partnership agencies.

## **8. Employee Implications**

8.1 There are no specific employee implications arising from this report, however recommendations could be made by the OSC/TFGs as part of their investigations which would require assessment of employee implications by the appropriate services responding which may be the Council or partnership agencies.

## **9. Communications Implications**

9.1 It is noted that the work of Scrutiny keeps under review the performance of the Council and other relevant organisations in providing services to Barnsley communities. Proactive communication about these services and activities takes place on a regular, planned basis as part of the communication strategy for each directorate of the Council and on occasion will be requested to be undertaken by other relevant organisations.

## **10. Consultations**

- 10.1 Consultation has taken place with Councillor Jeff Ennis OSC Chair, Members of the OSC, Area Council Chairs, the Leader of the Council, the Council's Senior Management Team and Chief Officers in partner organisations.
- 10.2 Members of the committee have also consulted with representatives from the Care4Us Council, the SEND Forum and the Youth Council on topics which potentially affect young people, to ensure that their voice is heard within the reports and discussions of the OSC.

## **11. The Council Plan and Performance Management Framework**

- 11.1 The work of Scrutiny contributes to the achievement of and improvement in services in relation to a number of outcomes identified in the Council Plan and associated performance report. The OSC work programme is scheduled around the quarterly performance reports which enable the Scrutiny work programme to be reactive to issues requiring consideration. The names of the OSC workstreams have also been updated to reflect the priorities in the Council Plan 2021-24.

## **12. Tackling Health Inequalities**

- 12.1 Tackling health inequalities and ensuring the wellbeing and safeguarding of our adults and children continues to be a priority for the Council and its partners. The work of Scrutiny contributes to this work in highlighting issues and ensuring appropriate plans are in place to address them.

## **13. Risk Management and Health and Safety Issues**

- 13.1 The Council's Scrutiny arrangements form an important part of the overall governance and internal control framework. The appetite of the Council to have meaningful and constructive scrutiny of its decisions makes a significant contribution to the transparency and accountability of Council activities.
- 13.2 The development of an agreed work-programme provides a great deal of focus and control to risks. Additionally, the flexibility built into the work programme provides a robust mitigation in the event of new or emerging issues requiring Scrutiny attention during 2021/22.

## **14. Promoting Equality, Diversity, and Social Inclusion**

- 14.1 The Equality Act 2010 requires public authorities to pay due regard to the impact of their services, policies, functions and decisions on diverse groups (called "people with protected characteristics" in the Act). For Scrutiny this means ensuring that as part of their investigations they consider how the services or policies affect people from these groups, and ideally ensuring that people with direct experience have an opportunity to have their voices heard. Scrutiny should also seek to understand what steps services have taken to proactively assess the likely equality impact of their service design and delivery and how they have sought to monitor the actual impact once implemented.
- 14.2 By using 'Expert Participants' (see paragraph 5.4) the committee will be able to utilise a range of representatives to ensure appropriate challenge to services which will include those from minority groups. This work will require the engagement of the Equality and

Inclusion Team, as well as exploring the options for other expert participants from within the community, when appropriate.

## **15. Reduction of Crime and Disorder**

15.1 As part of Scrutiny's role in performance management and service improvement, work is undertaken throughout the programme in relation to the reduction of crime and disorder through the consideration of particular services and work with partners.
