# Next Steps – Agreed at Design Team and ICPG

- Design Team has met once since last CCG Governing Body, given consideration to recently released ‘Thriving places’ guidance and agreed to further work up the following areas:
  - Functional mapping – to be delivered at place (DT session scheduled for 06/10)
  - Governance – operating model to deliver agreed functions
- In doing so the output of this, will be worked up into a clear proposal to engage and agree with ICS colleagues (*Target end Q3 (Oct to Dec) for all ICS to have “Discussions and decisions on commissioning arrangements at place and a functions & governance map”*)
- Design Team will also **further develop the outline ICP development plan** in light of all the released guidance for a detailed discussion at the **October ICPG meeting**, highlighting gaps and areas that require a decision/resolution to progress.
